INTRODUCTION

State of New Jersey
DEPARTMENT OF THE TREASURY
OFFICE OF MANAGEMENT AND BUDGET

State Treasurer

November 17, 2000

Governor Christine Todd Whitman
Members of the State Legislature
Citizens of New Jersey

In accordance with the provisions of N.J.S.A. 52:27B-46, we are pleased to transmit to you the Comprehensive Annual Financial Report of the State of New Jersey for the year ended June 30, 2000. This report is prepared by the Office of Management and Budget, Department of the Treasury, which is responsible for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures.

This Financial Report, which has earned an unqualified audit opinion, presents the financial position and operating results of the State under generally accepted accounting principles as established by the Governmental Accounting Standards Board as well as the traditional budgetary basis presentations. We are confident that the data is accurate in all material respects, that it is presented in a manner designed to set forth fairly the financial position and results of the State's operations as measured by the financial activity of its various funds, and that all disclosures necessary to enable the reader to gain a reasonable understanding of the State's financial affairs have been included.

As presented in this report, the State ended the year in a sound fiscal position, with an Undesignated Fund Balance (surplus) of \$1.3 billion in the major budgeted funds (General Fund, Property Tax Relief Fund, Casino Revenue Fund, and Surplus Revenue Fund).

The Comprehensive Annual Financial Report is organized in three sections: introductory, financial, and statistical. The introductory section includes this transmittal letter with summary financial data and narrative commentary on matters of interest to the reader, the State organization chart, and the 1999 Government Finance Officers Association Certificate of Achievement for Excellence in Financial Reporting. The financial section includes the general purpose financial statements and footnotes, the combining and individual fund and account group financial statements, and the State Auditor's report on the financial statements. The statistical section includes the budgetary basis schedules, as well as selected financial and demographic information.

This report includes all funds, account groups, and component units of the entity called the State, which provides support for a full range of services including education, health and social services, transportation, law and public safety, justice, recreation, community and environmental management, public improvements, and general administrative services. The criteria utilized to determine the entity for the State of New Jersey are those prescribed by the Governmental Accounting Standards Board (see Note 1 to the Financial Statements).

BUDGETARY CONTROLS, ACCOUNTING SYSTEMS, AND INTERNAL CONTROLS

The State's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) applicable to state governments as prescribed by the Governmental Accounting Standards Board. The governmental funds, expendable trust funds, and agency funds are presented on the modified accrual basis of accounting whereby revenues are recognized when measurable and available, and expenditures are recognized when goods and services are received and the related liabilities are incurred. The proprietary, nonexpendable trust, and pension trust funds are presented on the accrual basis of accounting whereby all revenues and expenses are recognized when the transactions occur, regardless of when the related cash is received or disbursed. The college and university funds are reported in conformance with GAAP as prescribed by the American Institute of Certified Public Accountants (AICPA) audit guide, "Audits of Colleges and Universities."

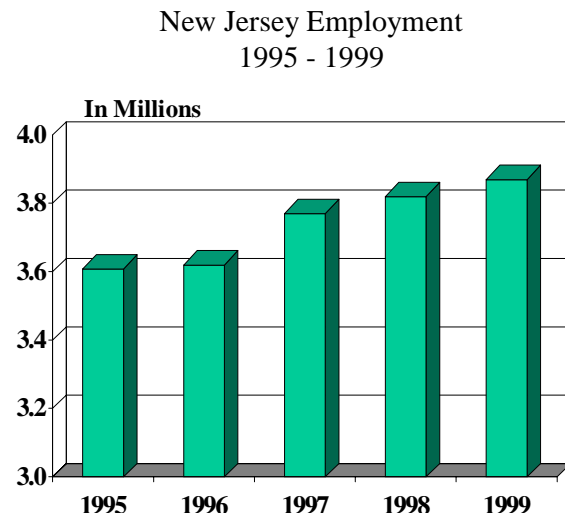

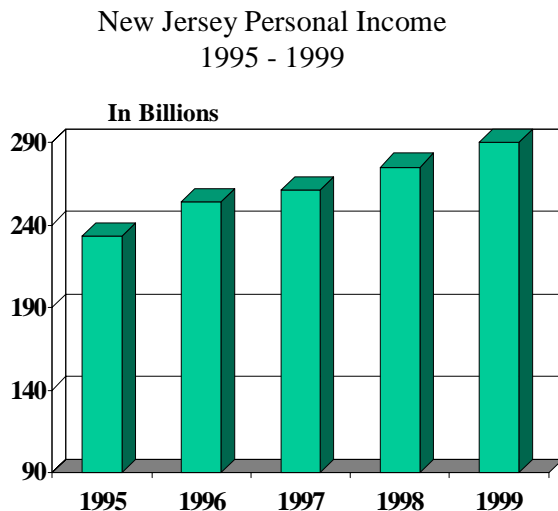

Encumbrance accounting is employed to ensure that expenditures do not exceed appropriations and allocations. Under encumbrance accounting, purchase orders, contracts, and other commitments involving the expenditure of monies are recorded in estimated amounts in order to reserve a portion of an appropriation until an actual liability is incurred. Total encumbrances and expenditures are monitored so as not to exceed amounts appropriated and/or allocated. Encumbrances outstanding at the end of a fiscal year are reported in the financial statements as reservations of fund balance. Any unencumbered and unexpended non-continuing appropriations lapse at the end of the fiscal year.

The accounting records of the various State departments are maintained on a central accounting system. The operations of this system are directed and supervised by the Office of Management and Budget. Separate accounting systems are maintained by those component units of government that are included in the State's reporting entity. The State's annual budget is comprised of individual appropriations to departments for specific programs and purposes. Budgetary control is exercised at the department level by individual appropriations and allocations within appropriations to various programs and major objects of expenditure.

In developing and maintaining the State's accounting system, consideration is given to the adequacy of internal controls. Internal accounting controls are designed to provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and that financial records are reliable for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived from its use, and that the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within this framework.

ECONOMIC CONDITION

The New Jersey economy enjoyed another outstanding performance in calendar year 1999. Personal income growth continued to accelerate in 1999. Wages and salaries grew from 8.1 percent in 1998 to 8.6 percent in 1999. For the year, retail sales grew by 9.5 percent and total employment expanded by 1.7 percent. The State employment reached a record level of 3.8 million, while personal income grew by 6.2 percent. This represents the fifth consecutive year of growth in excess of 4.9 percent.

It is expected that the New Jersey economy in calendar years 2000 and 2001 will continue to grow at a moderate pace with little inflation. High levels of employment, income growth, and reasonable interest rates will continue to support consumer and business spending. New Jersey's economy, by virtue of its educated, high-technology labor resources, has benefited from newly emerging information-based fields. Employment is projected to grow by 1.5 percent in 2000, before easing in 2001 to 1.3 percent. Personal income growth is expected to be 6.3 percent in 2000, moderating to 5.9 percent in 2001. Retail sales growth is expected to moderate to 4.0 percent in 2000 and 1.1 percent in 2001. Real New Jersey Gross State Product, the most complete measure of economic activity, experienced a 5.7 percent increase in 1999 and is projected to continue at this rate in 2000, before slowing to 5.5 percent in 2001.

FISCAL YEAR 2000 REVENUE SUMMARY

The following revenue discussion encompasses the activity of the State's General Fund and four Special Revenue Funds--the Property Tax Relief Fund, the Casino Revenue Fund, the Casino Control Fund, and the Gubernatorial Elections Fund. The amounts included in this section are the actual anticipated revenues realized in support of the annual appropriations and do not include federal grants.

Fiscal Year 2000 revenue collections totaled \$19.9 billion, \$1.7 billion above Fiscal Year 1999 revenue. Revenue changes in the State's three major taxes over Fiscal Year 1999 levels were as follows: the Sales Tax increased by \$453.7 million or 9.0 percent, the Gross Income Tax increased by \$881.4 million or 13.9 percent, and the Corporation Business Tax increased by \$49.2 million or 3.5 percent. Overall, Fiscal Year 2000 revenue growth for the State's three major taxes totaled \$1.4 billion. Increased revenue over Fiscal Year 1999 levels reflects the higher level of employment within the State as evidenced by the large increase in Gross Income Tax and Sales Tax revenues.

Collections for the State's three major taxes, as a percentage of Fiscal Year 2000 total receipts, were as follows: the Gross Income Tax represented 36.2 percent; the Sales Tax equaled 27.7 percent; and the Corporation Business Tax represented 7.3 percent. The State's three major taxes represented 71.2 percent of Fiscal Year 2000 total receipts, as compared to 70.3 percent for Fiscal Year 1999. Even with major reductions in tax rates, the total revenues have grown over the past four years by \$4.2 billion.

FISCAL YEAR 2000 EXPENDITURE SUMMARY

Expenditure Category Descriptions

The following discussion of expenditures encompasses the activity of the State's General Fund and four Special Revenue Funds--the Property Tax Relief Fund, the Casino Revenue Fund, the Casino Control Fund, and the Gubernatorial Elections Fund. The amounts listed in this section are on a budgetary basis and do not include federal grants.

State expenditures based upon the annual Appropriations Act are divided into five major categories. They are State Aid, Direct State Services, Grants-in-Aid, Debt Service, and Capital Construction. Each expenditure category is described below.

State Aid represents funds that are distributed to municipalities, counties, and school districts. Most of the Gross Income Tax revenue is apportioned to State Aid, as is certain other revenue that is collected in the State's General Fund. By far the largest portion of expenditures in this category is for elementary and secondary school aid. This category also provides funding for the various public assistance programs and county psychiatric hospitals, as well as municipal property tax relief programs.

Direct State Services represent those functions operated directly by State government. Funding is largely for the salary and benefits of State employees and supports the operation of the State's departments, the Executive Office, several commissions, the State Legislature, and the Judiciary. Public services offered by State government, such as testing laboratories, social services, environmental and community services, legal services, State Police services, and the operation of prisons, psychiatric hospitals, and developmental disability centers are included in this category.

Grants-in-Aid represent programs and services provided to the public on behalf of the State by a third party provider. Grants-in-Aid payments are made to individuals and public or private agencies for benefits to which a recipient is entitled by law, or for the provision of services on behalf of the State. These payments include the Homestead Rebate/NJ SAVER programs and the Medicaid program, which reimburses hospitals, nursing homes, and physicians for services rendered to the State's needy population. Community programs for the developmentally disabled, pharmaceutical assistance to the aged and disabled, support for the State colleges and universities, Lifeline utility credits to senior citizens, financial aid grants to college students, and bus and railroad subsidies to New Jersey Transit are programs which also are included under the Grants-in-Aid umbrella.

Debt Service represents payments of interest and principal on capital projects funded through the sale of State General Obligation Bonds. Projects that have been funded through State General Obligation Bonds include prisons, bridges, roads, human services facilities, and various environmental protection projects. Appropriations authorized by the Legislature for debt service related to State contract obligations and certificates of participation are included within the Direct State Services category.

Capital Construction represents pay-as you-go allocations for various construction projects. Included in this expenditure category is the appropriation to the Transportation Trust Fund Authority.

Fiscal Year 2000 Expenditures

Fiscal Year 2000 expenditures of \$19.9 billion are \$1.4 billion more than the expenditures of the prior fiscal year.

State Aid represented 39.4 percent of total Fiscal Year 2000 expenditures. State Aid expenditures increased between Fiscal Year 2000 and Fiscal Year 1999 by \$391.3 million. State Aid includes aid to public schools, teachers' pensions and social security costs, municipal aid for over 14 different programs, reimbursement to counties for welfare programs, and other miscellaneous programs.

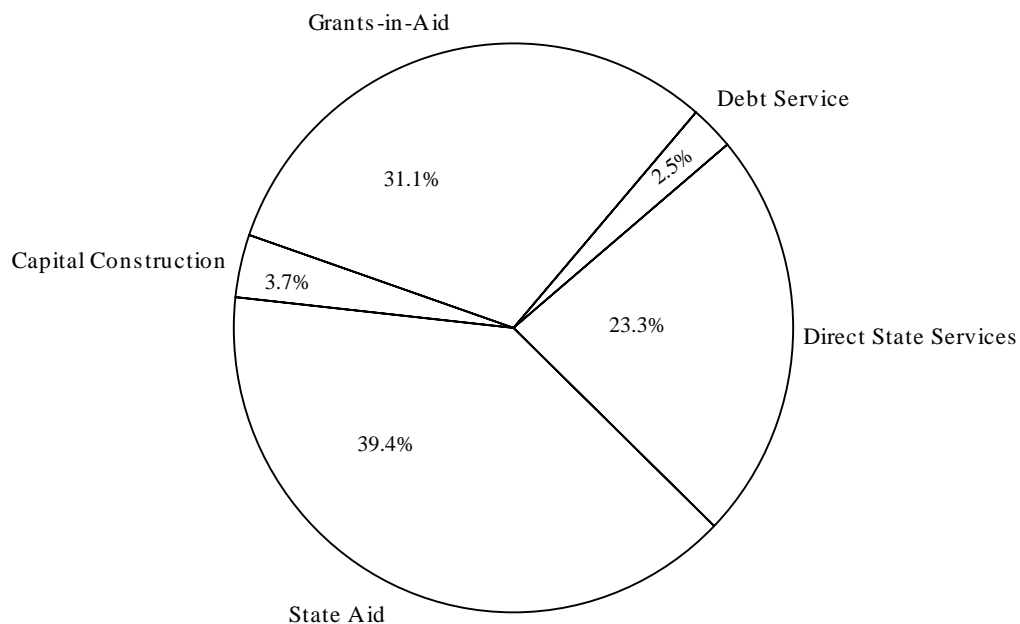

Direct State Services accounted for 23.3 percent of total Fiscal Year 2000 expenditures. Direct State Services expenditures decreased between Fiscal Year 2000 and Fiscal Year 1999 by \$142.0 million.

Grants-in-Aid accounted for 31.1 percent of total Fiscal Year 2000 expenditures. This is a \$1,051.1 million increase from the prior fiscal year.

Debt Service represented 2.5 percent of total Fiscal Year 2000 expenditures. Debt Service expenditures decreased by \$1.3 million.

Capital Construction represented 3.7 percent of total Fiscal Year 2000 expenditures. Construction for capital projects grew by \$129.1 million as compared to the prior fiscal year. The primary areas of focus for these increases centered on transportation and environmental projects.

FUND BALANCES

The State ended Fiscal Year 2000 with an undesignated fund balance of \$1.3 billion for the major governmental funds. The Surplus Revenue Fund is used to account for revenues reserved for appropriation, a) in the event that anticipated revenues in the General Fund are estimated to be less than those certified by the Governor upon approval of the annual Appropriations Act, b) in the event that the State Legislature finds that an appropriation from this fund is preferable to raising revenue through a modification of the tax structure, or c) to meet an emergency which requires an immediate response in the protection of the life, safety, or well-being of the citizens of the State as determined by the Governor and approved by the Joint Budget Oversight Committee of the State Legislature. The Surplus Revenue Fund was established by P.L. 1990, c. 44. The significant increase in the Surplus Revenue Fund was the result of revenues realized in excess of the Appropriations Act anticipation and interest; offset by an appropriation for the Emergency Disaster Relief Act of 1999. Beginning Fiscal Year 2001 the Surplus Revenue Fund is capped at \$720.0 million. Any excess monies will be credited to the Debt Service Retirement Fund, which shall be used to defease or retire long term obligations as determined by the Treasurer and approved by the Joint Budget Oversight Committee. The Property Tax Relief Fund accounts for revenues from the New Jersey Gross Income Tax. Appropriations from this fund must be used exclusively for the purpose of reducing or offsetting property taxes. The Casino Revenue Fund accounts for the tax on gross revenues generated by casinos. Appropriations from this fund must be used for reductions in property taxes, utility charges, and other specified expenses of eligible senior citizens.

The following table presents a comparison of the components of the undesignated fund balances at the end of Fiscal Year 2000 and Fiscal Year 1999:

Fiscal Year 2001 Revenue Projections

The Fiscal Year 2001 revenue projections are based on estimates of moderating economic growth. Although the underlying economic indicators are strong, forecasters anticipate a slowing in the growth of the country.

Fiscal Year 2001 revenues are projected to be \$21.1 billion, \$1.2 billion above Fiscal Year 2000 revenue. Projected revenue changes in Fiscal Year 2001 for the State's three major taxes over Fiscal Year 2000 are as follows: the Sales Tax is expected to increase by \$514.9 million or 9.3 percent, the Gross Income Tax is expected to increase by \$532.7 million or 7.4 percent, and the Corporation Business Tax is expected to increase by \$130.0 million or 8.9 percent.

Fiscal Year 2001 resources, including the Fiscal Year 2001 opening balance, are projected at \$22.4 billion. The State's three major taxes as a percent of total resources are as follows: Gross Income Tax represents 34.5 percent; Sales Tax represents 26.9 percent; and Corporation Business Tax represents 7.1 percent. The State's three major taxes are projected to represent 68.5 percent of total resources.

Projected Fiscal Year 2001 revenue anticipates the receipt of \$144.2 million from the Tobacco Settlement. In addition, Fiscal Year 2001 projects dedicated revenue of \$245.1 million from the Tobacco Settlement. This represents the payments from the Master Settlement Agreement (MSA) reached in November 1998 between 46 states and the major tobacco companies. New Jersey is expected to receive payments approximating \$7.0 billion over the next 24 years. These payments are subject to inflation and changes in national smoking trends as well as other offsets and credits outlined in the MSA. In Fiscal Year 2001 a majority of the tobacco settlement revenue is appropriated for health related programs.

Fiscal Year 2001 Appropriations

The total Fiscal Year 2001 appropriation is \$21.4 billion. Of the \$21.4 billion appropriated in Fiscal Year 2001 from the General Fund, the Property Tax Relief Fund, the Casino Control Fund, the Casino Revenue Fund and the Gubernatorial Elections Fund, \$8.4 billion (39.2%) is appropriated for State Aid to Local Governments, \$6.6 billion (31.1%) is appropriated for Grants-in-Aid, \$4.7 billion (21.7%) for Direct State Services, \$1.2 billion (5.5%) for Capital Construction, and \$.5 billion (2.5%) for Debt Service on State General Obligation Bonds.

State Aid to local governments constitutes the most important aspect of Fiscal Year 2001 appropriations. These funds are essential in the funding of local government operating costs as well as property tax relief. In Fiscal Year 2001, \$8,746.0 million will be distributed to municipalities, counties, and school districts. Major State Aid programs are: Aid to School Districts (\$6,774.8 million), Unrestricted Aid to Municipalities and Counties through the Department of Community Affairs (\$890.9 million), Aid to Municipalities and Counties through the Department of the Treasury dedication of the Energy Relief Tax Fund revenues (\$750.0 million), and Aid to County Colleges (\$192.0 million).

Grants-in-Aid represents the second largest portion of the State's Fiscal Year 2001 appropriation. In Fiscal Year 2001, \$6,656.0 million has been appropriated. These funds are distributed to individuals, public agencies, or private agencies as direct benefits or to provide services. The largest grants-in-aid programs are: Human Services programs (\$2,619.0 million), Higher Education (\$1,561.8 million), Health and Senior Services programs (\$975.0 million), Property Tax Relief Programs (\$749.1 million), and Public Transportation (\$209.0 million).

The Direct State Services Fiscal Year 2001 appropriation is \$4,661.0 million. These funds support the operating costs of the Executive Departments, the Judiciary, and the State Legislature. The largest appropriations are for the following departments: Corrections (\$766.0 million), Human Services (\$526.0 million), and Law and Public Safety (\$422.0 million). In addition, the Legislature authorized appropriations of \$451.4 million for debt service related to State contract obligations and certificates of participation.

Debt Service for General Obligation Bonds is \$530.0 million. This amount reflects the cost of financing various infrastructure and environmental projects that have been approved through prior voter referenda. In addition, the legislature authorized appropriations of \$451.4 million for debt service related to State contract obligations and certificates of participation.

Capital Construction appropriations for Fiscal Year 2001 total \$1,175.0 million. Of this amount, \$701.4 million is appropriated to the New Jersey Transportation Trust Fund Authority, \$98.0 million is for open space preservation, \$67.0 million is for hazardous substance and underground tank remediation, and \$25.0 million is for shore protection.

SERVICE EFFORTS AND ACCOMPLISHMENTS

The following sections highlight various service efforts and accomplishments the State has achieved during Fiscal Year 2000 as well as some of the goals the State hopes to achieve for Fiscal Year 2001.

Fiscal Year 2000

Fiscal Year 2000 presented New Jersey with significant challenges. The State experienced a record drought during the summer of 1999 followed by Tropical Storm Floyd's torrential rains and resultant flooding in September 1999. The State met this challenge with an \$80.0 million appropriation with the enactment of the Emergency Disaster Relief Act of 1999. The monies were to be used as follows: \$20.0 million for farmers affected by the drought, \$20.0 million in flood relief grants for Bergen, Essex, Hunterdon, Mercer, Middlesex, Morris, Passaic, Somerset, and Union counties, \$20.0 million in State and federal block grants for counties declared flood disasters, \$5.0 million to individual municipalities within the counties declared disasters, \$10.0 million to cover flood mitigation and other uses, and \$5.0 million for reimbursement to State agencies providing assistance pursuant to this Act.

The first year of the NJ SAVER program was successful in providing on average \$120 of property tax relief to eligible homeowners. This program is designed to provide homeowners with a reduction to the school tax portion of the local property tax levy. The Fiscal Year 2000 annual appropriation amounted to \$170.0 million.

The State appropriated \$163.0 million in Tobacco Settlement monies for the following programs; \$50.0 million for the HMO Assistance Fund, \$36.0 million for the State Employee's Health Benefits, \$29.0 million for existing Pharmaceutical Assistance to the Aged and Disabled, \$19.0 million for tobacco control initiatives, \$10.0 million for elder care initiatives, \$10.0 million for Corrections Mental Health programs, and \$9.0 million for various other programs.

As a result of regulatory developments at the State and Federal level, legislation has been enacted to begin the transition of utilities into a competitive, free market environment. The manner in which energy producers' conduct business in New Jersey and the way consumers buy and consume energy products in the State has been altered dramatically. The legislation addressed the need to restructure energy taxation rates so that the continual erosion of tax revenue for annual distribution to municipalities and the State's General Fund is prevented. In its place, electric, gas, and telecommunications utilities are subject to the State's Corporation Business Tax. The State's existing Sales and Use Tax, with certain exceptions, is applied to retail sales of electricity and natural gas, and a transitional energy facility assessment is applied for a limited time on electric and gas utilities. The five year phase out of the assessment began in Fiscal Year 1999 and continues in Fiscal Year 2000. Under companion legislation, municipalities were guaranteed an annual State Aid distribution of at least \$750.0 million from these replacement revenues. This amount reflects an increase of \$5.0 million over Fiscal Year 1999.

State School Aid to local districts in Fiscal Year 2000 totaled \$6,264.0 million; this included \$5,564.0 million in direct aid and an additional \$700.0 million in aid to local districts for the employers' share of teachers' pensions and social security payments. The key item of funding was Core Curriculum Standards Aid, which is geared to support the newly adopted core curriculum standards. This includes seven areas of measurable, grade-appropriate levels of accomplishment: Language Arts/Literacy, Mathematics, Science, Social Studies, Visual and Performing Arts, Physical and Mental Health Education, and World Languages. The total (\$2,845.0 million) was distributed based on a measure of local districts' property wealth and per capita income. Core Curriculum Standards Aid represented approximately fifty-three percent of the formula aid amount distributed in Fiscal Year 2000.

The State School Aid appropriations for Fiscal Year 2000, include significant funding for specific initiatives including \$312.7 million for Early Childhood Education, \$190.5 million for Demonstrably Effective Programs, \$112.0 million for the School Construction and Renovation Program, and \$54.5 million for the development of a statewide Distance Learning Network. On May 14, 1997, the State Supreme Court ruled that the new school funding law did not provide sufficient funding for the plaintiffs in the Abbott v. Burke case. As a result, the Fiscal Year 2000 Appropriations Act contains \$258.7 million to provide additional parity aid to these districts. On May 21, 1998, the State Supreme Court accepted the State's plan to use a nationally acclaimed reading-based program called "Success for All" and other "whole-school reforms" to assure the "thorough and efficient" education required by the State constitution. During Fiscal Year 2000 the State appropriated \$86.9 million in supplemental funding for Abbott districts, in addition to the \$2,461.0 million of formula aid, to ensure that those districts have the resources to implement needed programs and services.

On November 5, 1996, the voters of the State, through voter referendum, amended the New Jersey Constitution to provide that an amount equivalent to 4.0 percent of the revenue annually derived from the Corporation Business Tax be deposited in a special account for appropriation for the following purposes and in the following manner: 1) a minimum of 1/2 for funding State costs relating to hazardous discharge remediation; 2) a minimum of 1/3, dedicated until December 31, 2008, for funding loans and grants for underground storage tank upgrades and replacements; and 3) a minimum of 1/6 or \$5.0 million, whichever is less, for funding costs related to water quality monitoring, watershed planning, and nonpoint source water pollution prevention. The total dedicated for Fiscal Years 1997 through 2000 from the Corporation Business Tax revenues was \$212.6 million.

The State amended its constitution in June 1999 to dedicate \$98.0 million annually from the sales and use tax for open space, farmland, and historic preservation. To date more than one million acres have been preserved for public recreation, including 411,000 acres preserved through the Green Acres program, and 60,000 acres preserved through the Farmland Preservation program. The Garden State Preservation Trust has oversight responsibility in ensuring the State achieves its goal of preserving an additional one million acres over the next decade.

The State successfully completed the refinancing of its pension obligations at the end of Fiscal Year 1997. This was accomplished through the issuance of pension obligation bonds that were used to finance the formerly unfunded accrued liability. The Pension Security Plan of 1997 resulted in significant cost avoidance for Direct State Services, State Aid, and local employers participating in the Public Employees Retirement System and Police and Firemen's Retirement System. The following chart reflects combined actual and projected savings of normal and unfunded accrued liability contributions for these three groups from Fiscal Year 1997 through 2001. The total cost avoidance for this period is in excess of \$2.3 billion.

Fiscal Year 2001

State School Aid to local districts in Fiscal Year 2001 totals \$6,775.0 million, an increase of \$510.8 million. The total for formula aid programs for Education is \$5,661.0 million, including \$2,943.0 million for core curriculum standards aid, \$322.5 million for Abbott v. Burke Parity Remedy, \$760.4 million for special education, \$313.2 million for early childhood aid, and \$301.5 million for pupil transportation aid. Other aid to Education includes \$157.0 million in Abbott supplemental funding. There is an appropriation of \$792.5 million for the employer's share of teachers' post-retirement medical benefits and social security payments. A \$128.4 million appropriation for the school construction and renovation fund is also included.

The "Educational Facilities and Financing Act" (P.L.2000 c.72), was approved July 18, 2000. The State program provides for a total of \$11.5 billion in construction and renovation projects, \$6.0 billion to Abbott districts and \$5.5 billion to non-Abbott districts. The State expects to appropriate \$.3 billion in "pay-as-you-go" funding over the next three years, in

addition to \$8.1 billion in state bonding and \$3.1 billion in local bonding over the next ten years. The law includes an \$8.6 billion cap on State debt for the program. This fund is supported through the dedication of a portion of the \$.40 increase per pack in the cigarette tax, the dedication of a portion of the Tobacco Settlement, and the dedication of a portion of revenues from the Lottery.

The State of New Jersey has the unprecedented opportunity to make significant strides in how it provides services and information to its citizens. New Jersey is committed to being in the fast lane of the information highway. Effective use of rapidly changing technology allows the State to offer citizens and businesses greater choices as to how they can interact with government. The Office of Information Technology's (OIT) core mission is to use technology to make government services more efficient, effective, affordable, accessible, and responsive. The Fiscal Year 2001 OIT operating budget is \$101.7 million, a \$14.0 million increase over the prior fiscal year. In addition to funding for the centralized OIT, there is available in Fiscal Year 2001 \$37.0 million for New Jersey technology investments. These funds will be used for the design and implementation of the components needed to transform New Jersey into the online state.

The New Jersey Transportation Trust Fund Authority (TTFA), with the consent of the Legislature, was reauthorized for an additional four-year period beginning in Fiscal Year 2001, with a total State spending authority of \$3.75 billion. In Fiscal Year 2001, the TTFA's annual spending authority will increase by \$200 million, from \$700 million to \$900 million to fund high priority highway, bridge, and mass transit construction projects. Total available funding for this program, when factoring in federal highway and mass transit funds will total \$2.09 billion, making this the largest annual construction program in the Department of Transportation's history.

The Fiscal Year 2001 Appropriations Act includes an appropriation of \$336.7 million as phase two of a five-year plan to provide \$1.0 billion of direct school property tax relief. The NJ SAVER program will offset the school taxes that homeowners pay on the first \$45,000 of assessed value on their homes. When fully implemented, New Jersey families will receive, on average, checks in the amount of \$600 each year.

There is a \$10.6 million appropriation to provide a property tax reimbursement ("Property Tax Freeze") to over 200,000 senior and disabled homeowners, whose property taxes are effectively frozen under recently enacted legislation. Claimants must be age 65 or older, or disabled residents, with incomes below \$17,918, if single, or \$21,970, if married. The eligible homeowners under the property tax freeze receive a check from the State, which reimburses them for the difference between their current year property taxes paid and the base year. The base year is the year the taxpayer becomes eligible and files for participation in the program.

New Jersey is committed to improving the quality of life through the advancement of the arts. To reflect this commitment, the Fiscal Year 2001 Appropriations Act appropriates an additional \$10.0 million to the Department of State to be used to establish the New Jersey Cultural Trust and an additional \$4.7 million as State Aid to the Newark Museum. Funding for grants administered by the State Council on the Arts is increased by \$1.3 million to \$20.0 million in Fiscal Year 2001.

There is a \$89.7 million appropriation for NJ KidCare, a federal and state funded program that provides health insurance for children whose parents cannot afford to purchase it privately. This expansion coverage is 35% state funded and 65% federally funded. The NJ KidCare program provides a comprehensive array of health services to qualified children who have been without medical coverage for six months and are not eligible for Medicaid.

The Fiscal Year 2001 Appropriations Act includes \$45.0 million for a new initiative, the New Jersey Earned Income Tax Credit (EITC) program. This program is expected to assist approximately 237,000 working families with children in an effort to combat poverty. When fully implemented in Fiscal Year 2004, the EITC program will provide an annual refundable tax credit of over \$800 for a family of one adult and two children earning up to \$10,000 per year, over \$700 for a similar family with an annual income of \$15,000, and \$480 for a similar family with an annual income of \$20,000.

Beginning in Fiscal Year 2001 the Debt Retirement Fund was established, to allow the Treasurer, with the approval of the Joint Budget Oversight Committee, to defease or retire long-term obligations when economically advantageous. The Surplus Revenue Fund is capped at \$720.0 million, and any excess contributions will be credited to the Debt Retirement Fund instead of the Surplus Revenue Fund.

COMPONENT UNITS

The component units include the accounts of the various public authorities, colleges, and universities. These authorities are legally separate entities that are not operating departments of the State. Governing boards are vested with the power to independently manage the component units. Each component unit is established for a specific purpose for the benefit of the State's citizenry, such as economic development, public transportation, subsidized housing, environmental protection, and capital development for health and education purposes.

Combined operating revenues and expenses for the State's authorities amounted to \$2.8 billion and \$3.5 billion, respectively, for Fiscal Year 2000. Total operations along with other financing sources and uses contributed to a total combined fund balance at fiscal year end of \$14.4 billion.

For Fiscal Year 2000, combined revenues for the state colleges and universities were \$3.2 billion. Combined expenditures totaled \$3.8 billion. Total operations along with other financing sources and uses contributed to a total combined fund balance at fiscal year end of \$3.7 billion.

GENERAL FIXED ASSETS

The general fixed assets of the State are used in the performance of general governmental functions and exclude the fixed assets of the component units. As of June 30, 2000, the general fixed assets of the State amounted to \$2.8 billion. This

amount represents the actual or estimated cost of the assets. Depreciation of general fixed assets is not recognized in the State's accounting system. Infrastructure assets, consisting primarily of highways, roads, and bridges, are not recorded in the general fixed assets.

DEBT ADMINISTRATION

As of June 30, 2000, outstanding General Obligation Debt totaled \$3.8 billion. General Obligation Debt must be approved by voter referendum and is used primarily to finance various environmental projects, transportation infrastructure, and correctional and institutional construction.

The State's Master Lease Program is used primarily to finance various departmental equipment needs. Prior to Fiscal Year 1996, the State issued Certificates of Participation at tax exempt rates to fund these needs. Beginning in Fiscal Year 1996 the State modified the Master Lease Program and began using a line of credit as the preferred method of financing various departmental equipment needs. As of June 30, 2000, outstanding Certificates of Participation totaled \$147.6 million, which includes the State's outstanding balance on its line of credit of \$97.3 million.

The State first began issuing Tax and Revenue Anticipation Notes during Fiscal Year 1992, in order to provide effective cash flow management of imbalances which occur in the timing of collections and disbursements of State revenues and expenditures. The State Treasurer is authorized to issue these types of instruments without constituting a general obligation of the State, or a debt, or a liability within the meaning of the State Constitution. All short-term notes that are issued must be retired within twelve months of their issuance date. The State has issued and retired short-term notes in prior fiscal years that have ranged from a high of \$1.8 billion in Fiscal Year 1992 to a low of \$450 million in Fiscal Year 1996. Beginning in Fiscal Year 1996, the State began issuing commercial paper as the sole instrument for meeting its cash flow needs. During Fiscal Year 2000, the State issued \$850.0 million in commercial paper. The entire amount was retired on June 15, 2000.

The State funds certain capital projects by authorizing the issuance of long-term bonds. The following table sets forth the trend of the State's tax-supported long-term indebtedness for the last five years:

GENERAL OBLIGATION BONDS		
LONG TERM DEBT		
(Expressed in Billions)		
<u>Fiscal Year</u>	<u>Authorized- Unissued</u>	<u>Principal Amount of Outstanding Long-Term Debt</u>
2000	\$ 1.2	\$ 3.8
1999	1.1	3.6
1998	1.5	3.6
1997	1.9	3.4
1996	1.6	3.7

As of June 30, 2000, Standard and Poor's Corporation, Moody's Investors Service and Fitch Investors Service rate the State's long-term general obligation debt AA+, Aa1 and AA+, respectively. The State's Certificates of Participation are rated AA- by Standard and Poor's and by Moody's.

CASH MANAGEMENT

The State's Division of Investment was created by law in 1950 in order to centralize all functions relating to the purchases, sales, or exchanges of securities for the State's diverse funds under experienced and professional management. The statute provides investment authority to the State Investment Council and to the Director of the Division. The State Treasurer appoints the Director from a list of candidates proposed by the State Investment Council. The role of the State Investment Council is to formulate investment policies and procedures to be followed by the Director. State legislation provides that the State Investment Council may issue regulations, which specifically approve and authorize any form of investment. The State Investment Council has taken the position that the Division of Investment is bound by law to make prudent investments for the sole and direct financial benefit of the beneficiaries of the various funds under its supervision, and that the Division of

Investment may not make any concession as to the rate, risk, or terms which would benefit any other party at the expense of the beneficiaries of the funds.

Unused cash is invested primarily in the New Jersey Cash Management Fund. The fund provides the State, its authorities and agencies, local municipalities, and school districts with a vehicle for short-term investment. For the fiscal year ended June 30, 2000, the New Jersey Cash Management Fund's average daily annualized rate of return for participating state accounts was 5.57 percent. For "Other-than-State" participants the average daily annualized rate of return, which includes charges for administrative and operating expenses, was 5.49 percent for the fiscal year ended June 30, 2000.

RISK MANAGEMENT

New Jersey's risk management function is performed within the Department of the Treasury and operates to reduce the adverse impact of catastrophic loss on State operations and budgets through a combination of risk management and loss prevention techniques. The Office of Risk Management administers claims against the State and its employees under the Tort Claims Act, Workers Compensation statute, and various Federal laws, as well as claims on behalf of the State against others responsible for damage to the State, its employees, and its property.

YEAR 2000

The State's efforts to address the Y2K issue and assure the continuation of government operations in the year 2000 and beyond proved to be successful. This was accomplished through the remediation of the State's computer systems by in house and vendor resources.

AUDIT INFORMATION

The principal auditor of the State's reporting entity is the legislative Office of the State Auditor. Their examination was conducted in accordance with generally accepted auditing standards and their opinion precedes the General Purpose Financial Statements. Outside public accounting firms have been used for the audits of separately issued component units and college and university fund financial statements. In addition, the Office of the State Auditor conducts periodic financial and expanded scope audits of the various State agencies. This audit received an unqualified opinion for all funds contained in this Comprehensive Annual Financial Report.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada has awarded a Certificate of Achievement for Excellence in Financial Reporting to the State of New Jersey for its Comprehensive Annual Financial Report for the year ended June 30, 1999.

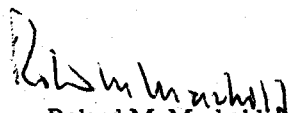

In order to qualify for the Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report, the contents of which conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

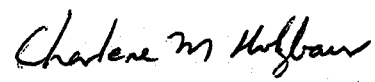

We believe our current report continues to conform to the Certificate of Achievement Program requirements.

ACKNOWLEDGMENTS

Finally, we would like to express our appreciation to the many people in the Office of Management and Budget and the Office of the State Auditor whose dedicated efforts made possible the preparation of this report. We believe that their combined efforts have produced a report that will provide a means for government, the financial community, decision makers, and concerned citizens to better understand and evaluate the State's financial condition.

Sincerely,

Roland M. Machold
State Treasurer

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying general purpose financial statements of the State of New Jersey as of and for the year ended June 30, 2000, as listed in the table of contents. These general purpose financial statements are the responsibility of the State of New Jersey's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit. We did not audit the financial statements of the Component Units - Authorities and College and University Funds. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on the general purpose financial statements, insofar as it relates to the amounts included for the Component Units - Authorities and College and University Funds, is based upon the reports of the other auditors.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test

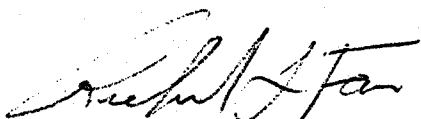

basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the reports of other auditors, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the State of New Jersey as of June 30, 2000, and the results of its operations and cash flows of the nonexpendable trust funds and the proprietary fund type authorities for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2000 on our consideration of the State of New Jersey's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The combining and individual fund and account group financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the State of New Jersey. The information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, based upon our audit and the reports of other auditors, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

The introductory section and the statistical section listed in the table of contents have not been audited by us, and accordingly, we do not express an opinion on it.

STATE OF NEW JERSEY

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements for the College and University Funds have been prepared in conformity with the American Institute of Certified Public Accountants' "Industry Audit Guide - Audits of Colleges and Universities." Component Units - Authorities that use proprietary fund accounting adhere to Financial Accounting Standard Board (FASB) pronouncements issued after November 30, 1989.

The financial statements have been prepared primarily from accounts and records maintained by the State Comptroller. The financial data for the various public benefit corporations, authorities, commissions, colleges and universities has been derived from reports prepared by those organizations based on their independent accounting systems.

B. Financial Reporting Entity

For financial reporting purposes the State of New Jersey includes all fund types, account groups, departments, and agencies of the State, as well as boards, commissions, authorities, colleges and universities, for which the State is financially accountable. The following circumstances set forth the State's financial accountability for a legally separate organization:

1. The State is financially accountable if it appoints a voting majority of the organization's governing body and (a) it is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the State.
2. The State may be financially accountable if an organization is fiscally dependent on the State regardless of whether the organization has (a) a separately elected governing board or (b) a jointly appointed board.

Entities for which the State is financially accountable such as boards, commissions, authorities, colleges and universities are considered component units. These component units are included in the State's reporting entity because of the significance of their operational or financial relationships with the State. Component units are either discretely presented or blended. Discrete presentation entails reporting component unit financial data in columns separate from the financial data of the primary government (the State). Blending requires the component unit's balances and transactions to be reported in a manner similar to the balances and transactions of the State.

The following organizations comprise the State's component units. The New Jersey Building Authority and the New Jersey Transportation Trust Fund Authority are blended component units since they provide services entirely, or almost entirely to the State. Their activities are reported in a special revenue fund, debt service fund, and general long-term debt account group. Additional pertinent information related to them is disclosed in the notes of the primary government. All other component units have been discretely presented. Additional pertinent information related to the discretely presented component units is reported separately from the notes of the primary government in Notes 18 and 19, respectively.

C. Fund Accounting

The State uses funds, account groups, and component units to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts which represent the fund's assets, liabilities, equity, revenues, and expenditures or expenses. State funds are classified into two categories: governmental and fiduciary. Each category is then divided into separate "Fund Types".

1. Governmental Fund Types

- a. General Fund - The fund into which all State revenues, not otherwise restricted by statute, are deposited and from which appropriations are made. The largest part of the total financial operations of the State is accounted for in the General Fund. Most revenues received from taxes, federal sources, and certain miscellaneous revenue items are recorded in this fund. The Appropriations Act enacted by the Legislature provides the basic framework for the operations of the General Fund.
- b. Special Revenue Funds - Are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditure for specific purposes.
- c. Debt Service Fund - Accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Amounts provided by the General Fund are deposited with banks that serve as paying agents.

- d. Capital Projects Funds - Account for financial resources to be used for the acquisition or construction of major capital facilities for State use. Funds granted to other units of government are not classified as capital projects funds and are included as expenditures of special revenue funds.

2. Fiduciary Fund Types

- a. Expendable Trust Funds - Account for assets held by the State as a legal trustee when both principal and interest may be expended for designated purposes.
- b. Non-expendable Trust Funds - Accounts for assets held by the State as legal trustee in situations requiring that the principal be preserved intact and only the interest be expended as designated.
- c. Investment Trust Fund - Accounts for investment pool assets held by the State for legally separate entities that are not part of the State's financial reporting entity.
- d. Pension Trust Funds - Account for monies received for, expenses incurred by, and net assets available for plan benefits of the various public employee retirement systems.
- e. Agency Funds - Account for monies held by the State for custodial purposes only.

3. Account Groups

- a. General Long-Term Debt Account Group - Accounts for the unmatured general long-term liabilities of the State.
- b. General Fixed Asset Account Group - Accounts for the State's fixed assets acquired or constructed for general government purposes. The State acquires and retains title to certain property shown in the college and university funds and would be entitled to any proceeds from the ultimate disposition of such property.

4. Component Units

Accounts for the activities of legally separate organizations for which the elected officials of the State are financially accountable. The activities of blended component units are reported in special revenue funds, the debt service fund, and general long-term debt account group. The activities of boards, commissions, and authorities other than those blended are discretely presented as Component Units - Authorities. Colleges and universities for which the State is financially accountable are discretely presented as Component Units - College and University Funds.

D. Budgetary Process

Annual budgets are adopted for the General Fund and certain special revenue funds (Casino Control, Casino Revenue, Gubernatorial Elections, and Property Tax Relief funds). The Legislature enacts the Budget through passage of specific departmental appropriations, the sum of which may not exceed estimated resources. It is a constitutional requirement that the Budget be balanced. The Governor certifies the revenues. Before signing the Appropriations Act, the Governor may veto or reduce any specific appropriation, subject to Legislative override. Once passed and signed, the Budget becomes the State's financial plan for the coming year. During the year, the Budget may be revised by supplemental appropriations approved by both the Legislature and the Governor.

For the General Fund and budgeted special revenue funds, budgetary control (legal control) is maintained within the department (as indicated on the organization chart) at the appropriation line item level. Budget revisions during the year, reflecting program changes or interdepartmental transfers of an administrative nature, may be effected with certain executive and legislative branch approval. Only the Legislature, however, may transfer appropriations between departments. Transfers within a department are permitted within certain guidelines and management approval.

Appropriations are authorized for expenditure during the fiscal year and for a period of one month thereafter, and unencumbered appropriations lapse at the end of the fiscal year, unless otherwise specified by the Appropriations Act.

The State's budgetary basis of accounting differs from that utilized to present financial statements in conformance with generally accepted accounting principles (GAAP). The main differences between the budgetary basis and the GAAP basis are that under the budgetary basis encumbrances are recognized as expenditures, the federal revenue related to such encumbrances is also recognized, and the budgetary basis reflects transactions only for the current fiscal year. In addition, under the GAAP basis certain grants and other financial assistance are required to be recorded as revenues and expenditures (See Note 2F). A reconciliation of the differences between the budgetary basis and GAAP basis is presented in Note 2.

E. Bond Fund Appropriations

The State Constitution provides that the Legislature may not create a debt (where total outstanding debt would exceed one percent of total appropriations for the year) unless such law has been submitted to the people at a general election and approved by a majority of the legally qualified voters. After approval by the electorate, and prior to any bond sale, the Legislature may make appropriations up to the legally authorized amount of such bonds, which enables the State to enter into contracts with vendors.

F. Basis of Accounting

All of the governmental funds and expendable trust and agency funds are accounted for on the modified accrual basis of accounting. In accordance with this basis, revenues are recognized when they become susceptible to accrual; that is, when they become both measurable and available to finance expenditures of the fiscal period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Those revenues which are considered to be susceptible to accrual include amounts received during the 12 month period subsequent to June 30 that were earned as of June 30 and in the hands of receiving agents.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement, only current assets and liabilities generally are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. Agency funds are accounted for and reported in the same manner as governmental funds; however, since they are custodial in nature they do not involve measurement of results of operations.

All non-expendable trust funds, investment trust funds, and pension trust funds use the accrual basis of accounting and are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Operating statements of these funds present increases and decreases in net total assets.

Significant revenue sources which are susceptible to accrual include sales tax, individual income taxes, corporate income taxes, and federal grants. Licenses, fees, permits and other miscellaneous revenue are recognized when received since they normally are measurable only at that time. Revenue refunds payable are recorded as other liabilities on the combined balance sheet. Unapplied overpayments of Corporation Business Tax are recorded when a final determination is made as to the ultimate disposition of the overpayment.

Expenditures are recorded on an accrual basis when the related liability is incurred. Disbursements for prepaid expenses, inventory items, and fixed assets are recorded when expenditures are incurred. Expenditures for principal and interest on general obligation long-term debt are recognized when due.

The activities of Component Units - College and University Funds are accounted for on the accrual basis of accounting including student tuition and fees when a semester covers more than one fiscal period. This revenue is deferred to the period in which it is earned.

The activities of Component Units - Authorities are accounted for using both the modified accrual basis and the accrual basis. Activities that are accounted for using the modified accrual basis are presented in a column in the combined statement of revenues, expenditures and changes in fund balance. Activities that are accounted for using the accrual basis are presented in a column in the combined statement of revenues, expenses and changes in retained earnings/fund equity and in the combined statement of cash flows. For balance sheet purposes, however, the activities of all Authorities are shown together in a separate column on the combined balance sheet.

The General Long-Term Debt Account Group and General Fixed Asset Account Group are not funds. An account group is concerned only with the measurement of financial position and does not involve measurement of results of operations.

G. Assets and Other Debits

1. Cash and Cash Equivalents

Deposits encompass the State's cash on deposit with financial institutions and several cash equivalents, including certificates of deposit. All deposits including cash equivalents that are subject to federal or state depository insurance generally are classified as deposits. Only investments with an original maturity of three months or less are considered to be cash equivalents. See Notes 3, 18 and 19 for details.

2. Investments

Securities are recorded at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. In addition to the amounts invested directly, most of the funds included herein participate in the State of New Jersey Cash Management Fund wherein amounts also contributed by other units of government are combined into a large scale investment pool. The Pension Trust Funds also participate in a Common Pension Trust Fund pool whereby amounts contributed by the various Pension Trust Funds are combined for the purpose of investment. Participation in the Cash Management Fund Investment pool and the Common Pension Trust Fund pool is reflected as investments in the Balance Sheet. See Notes 4, 18 and 19 for details.

3. Receivables

Receivables in the State's governmental and fiduciary funds, Component Units - Authorities, and Component Units - College and University Funds, primarily consist of federal revenues, taxes, loans, mortgages, and other receivables. See Notes 5, 18 and 19 for details.

4. Fixed Assets

General fixed assets are reported at cost or estimated historical cost based on appraisals or other acceptable methods when historical cost information is not available. Donated fixed assets are stated at market value at the date of donation. The State's general fixed assets consist of:

- a. All land, including parks and forests.
- b. All general government buildings, including hospitals, care, and correctional facilities.
- c. Land improvements, machinery and equipment, and motor vehicles used in general operations, with unit costs above \$25,000, \$20,000, and \$30,000 respectively.
- d. Capital projects in the process of construction. Certain public domain fixed assets (including highways, bridges, highway lands, and rights-of-way) are not capitalized. No depreciation is provided on general fixed assets.

For the Component Units - Authorities, which use the accrual basis of accounting, fixed assets are generally recorded at cost and depreciated over the respective lives of the various assets.

For presentation purposes, the maintenance reserve expense of the New Jersey Turnpike Authority has been reclassified from non-operating to operating expense in an amount equal to the estimated depreciation. A similar adjustment was made for the New Jersey Highway Authority and the South Jersey Transportation Authority.

For the Component Units - College and University Funds, fixed assets are generally recorded at cost or fair value at date of donation in the case of gifts. Certain colleges and universities include the recognition of depreciation in their general fixed assets.

Capital leases are classified as fixed assets in amounts equal to the lesser of the fair market value of the asset or the present value of the net minimum lease payments at the inception of the lease. See Notes 6, 18 and 19 for details.

5. Other Assets

- a. Due from other funds - During the course of normal operations the State has numerous routine transactions between funds, including expenditures, and transfers of resources to provide administrative services, program services, and service debt. The accompanying financial statements generally reflect such transactions as transfers. Operating transfers represent legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended and do not represent reimbursements of expenses. See Note 7 for details.
- b. Due from intergovernmental agencies - Includes any receivable or payable and due to or due from Component Units - Authorities that relates to federal or other governmental agencies.

H. Equity and Other Credits

1. **Contributed Capital** - Equity provided by other funds or governmental units for property, plant, and equipment or for original start up costs of Component Units - Authorities.
2. **Investment in General Fixed Assets** - Used to record the net investment in fixed assets, including land and land improvements, buildings, equipment, and construction in progress, as accounted for in the General Fixed Asset Account Group.
3. **Cost of Investment in Facilities** - Used to record the net investment in fixed assets, including land and land improvements, buildings, equipment, and construction in progress.
4. **Retained Earnings**
 - a. Reserved - Used to earmark a portion of the retained earnings currently unavailable for expense, or a restriction on current retained earnings.
 - b. Unreserved - An equity account reflecting the accumulated unrestricted earnings of Component Units - Authorities.
5. **Fund Balance**
 - a. Reserved - Encumbrances - Used to segregate a portion of fund balance to provide for expenditure upon vendor performance of purchase agreements.
 - b. Reserved - Higher education programs - Used to record the portion of fund balance set aside for instruction, research, loans to students, and current operations.
 - c. Reserved - Employees' pension benefits - Used to accumulate all active member, State and other employer contributions and investment income from which all benefit payments are made.

- d. Reserved - External investment pool participants - Used to identify the portion of fund balance that represents amounts due to non-state participants of the State of New Jersey Cash Management Fund - external portion.
- e. Reserved - Surplus revenue - Used to identify that portion of fund balance, commonly called the "Rainy Day Fund," which represents excess revenues that have been set aside pursuant to P.L. 1990, c.44.
- f. Reserved - Other - Used to earmark a portion of the fund balance to indicate it is either a resource currently unavailable for appropriation or expenditure, or a statutory restriction on current fund balance.
- g. Unreserved Designated - Unrealized gains - Used to represent the portion of fund balance that resulted from the fair value reporting of investments, i.e., the difference between investments reported at fair value and the amortized cost of those investments.
- h. Unreserved Designated - Continuing appropriations - Used to represent that portion of fund balance which has been appropriated by the Legislature.
- i. Unreserved Designated - Debt service - Used to identify that portion of the fund balance of the New Jersey Transportation Trust Fund which is made available to satisfy the debt service requirements of the subsequent period.
- j. Unreserved Undesignated - Used to represent that portion of fund balance resources available for appropriation.

I. Fiscal Year End Differences

The following component units have fiscal years that ended on December 31, 1999:

Special Revenue Funds

New Jersey Building Authority (blended component unit)

Component Units - Authorities

Casino Reinvestment Development Authority
 Hackensack Meadowlands Development Commission
 New Jersey Development Authority for Small Businesses, Minorities'
 and Women's Enterprises
 New Jersey Economic Development Authority
 New Jersey Educational Facilities Authority
 New Jersey Health Care Facilities Financing Authority
 New Jersey Highway Authority
 New Jersey Redevelopment Authority
 New Jersey Sports and Exposition Authority
 New Jersey Turnpike Authority
 South Jersey Port Corporation
 South Jersey Transportation Authority

NOTE 2 - OTHER ACCOUNTING DISCLOSURES

A. Deficit Fund Balances

The following funds have deficit fund balances as of June 30, 2000:

- Hazardous Discharge Fund of 1981 - \$0.3 million. It is anticipated that bond sales during Fiscal Year 2001 will relieve this deficit.
- Prescription Drug Program - \$1.9 million. Rates for Fiscal Year 2001 were increased by 27.9 percent for the State group and 27.7 percent for the local group. These rate increases are expected to offset the current deficit.

B. Restatement of Fund Balances

The June 30, 1999 fund balance of the New Jersey Transportation Trust Fund Authority has increased by \$4.0 million as a result of an overstatement of bond interest expense in Fiscal Year 1999.

C. Revenue and Expenditure Budgets

1. The General Fund and four special revenue funds consisting of the Casino Control, Casino Revenue, Gubernatorial Elections, and Property Tax Relief Funds operate under a budgetary control system comprised of:
 - a. The Annual Appropriations Act for Fiscal Year 2000 and various supplemental appropriation approved during the fiscal year.
 - b. Other authorized appropriations which include reappropriations (authorized by the Annual Appropriations Act) of prior year funds which are available for expenditure in the current year.
 - c. Appropriated revenues (authorized by the Annual Appropriations Act) which established appropriations based on certain revenues.

The above items provided the following amounts for the Fiscal Year 2000 budget:

Revenue and Other Increases (Expressed In Millions)		
	General Fund	Special Revenue Funds
Annual Appropriations Act	\$ 12,053.4	\$ 7,209.1
Other Authorized Appropriations	1,963.8	43.1
Appropriated Revenue	8,431.5	38.9
Totals	\$ 22,448.7	\$ 7,291.1
Expenditures and Other Decreases (Expressed In Millions)		
	General Fund	Special Revenue Funds
Annual Appropriations Act	\$ 12,485.1	\$ 7,678.4
Other Authorized Appropriations	1,963.8	43.1
Appropriated Revenue	8,431.5	38.9
Totals	\$ 22,880.4	\$ 7,760.4

The Fiscal Year 2000 expenditure budget includes as other authorized appropriations all estimated federal entitlements.

The accompanying Statement of Revenues, Expenditures and Changes in Fund Balances, Budget and Actual-Budgetary Basis presents comparisons of the legally adopted budget with actual data on a budgetary basis.

There were no expenditures in excess of appropriations for those funds operating under an annual budgetary control system. The following presents a reconciliation of the budgetary basis to the GAAP basis of reporting:

**Actual on Budgetary Basis to GAAP Basis
June 30, 2000
(Expressed In Millions)**

	General Fund	Special Revenue Funds
Budgeted Funds:		
Budgetary basis - net increase (decrease) in fund balances for the fiscal year	\$ 386.0	\$ (14.4)
Federal revenue and other financing sources	759.3	25.0
Residual equity transfers	(26.6)	--
Prior year expenditures and other financing uses	(1,363.7)	(30.9)
Encumbrances	<u>735.9</u>	<u>77.8</u>
GAAP basis - net increase (decrease) in fund balances for the fiscal year	490.9	57.5
Non-Budgeted Funds:		
GAAP basis - net increase (decrease) in fund balances for the fiscal year	<u>--</u>	<u>463.7</u>
Total All Funds:		
GAAP basis - net increase (decrease) in fund balances for the fiscal year	<u>\$ 490.9</u>	<u>\$ 521.2</u>

2. Other special revenue funds, capital projects funds, and trust funds do not operate under an annual budgetary control system, but expenditures are authorized by the enabling legislation. Accordingly, the Statement of Revenues, Expenditures and Changes in Fund Balances, Budget and Actual-Budgetary Basis does not include these funds.
3. The State Lottery operates under an informal budgetary control system approved by the New Jersey State Lottery Commission which for Fiscal Year 2000 resulted in the Governor's revenue certification of \$727.2 million representing transfers from the State Lottery Fund to the General Fund for administration (\$14.2 million) and for state institutions and education (\$713.0 million).

D. Joint Ventures

**The Port Authority of New York and New Jersey
One World Trade Center
New York, New York 10048**

Joint ventures are independently constituted entities generally created by two or more governments for a specific purpose such as contracting and maintaining an interstate bridge. Pursuant to current financial reporting standards, the State does not record its equity in joint ventures. The only significant joint venture in which the State of New Jersey participates is the Port Authority of New York and New Jersey. Individually published financial statements may be obtained by writing the Port Authority of New York and New Jersey at the above mentioned address. Other joint ventures are immaterial.

The Port Authority is a municipal corporate instrumentality of the States of New York and New Jersey created by compact between the two states in 1921 with the consent of the Congress of the United States. It is authorized and directed to plan, develop, and operate terminals and other facilities of transportation and commerce, and to advance projects in the general fields of transportation, economic development, and world trade that contribute to promoting and protecting the commerce and economy of the Port District, defined in the compact, which comprises an area of about 1,500 square miles in both states, centering about New York Harbor. The Governor of each State appoints six of the twelve members of the governing Board of Commissioners, subject to confirmation by the respective State Senate. Each Governor has from time to time exercised the statutory power to veto the actions of the commissioners from their state.

The commissioners serve six-year overlapping terms as public officials without compensation. They establish Authority policy, appoint an Executive Director to implement it, and also appoint a General Counsel to act as legal advisor to the Board and to the Executive Director. The Authority undertakes only those projects authorized by the two States.

The compact envisions the Port Authority as being financially self-sustaining and, as such, it must obtain the funds necessary for the construction or acquisition of facilities upon the basis of its own credit, its reserve funds, and its future revenues. The agency has neither the power to pledge the credit of either state or any municipality nor to levy taxes or assessments.

Consolidated financial statements for the Port Authority for the fiscal year ended December 31, 1999 disclosed the following (expressed in thousands):

	Financial Position

E. Risk Management and Insurance Coverage

The State is self-insured and self-administered for tort, workers' compensation, and automobile liability claims. As of June 30, 2000 no liability for unpaid claims has been established since the amount of loss cannot be reasonably estimated. However, any unpaid claims are not expected to be material. Claims are reported as expenditures in the General Fund in the year they are paid. Amounts expended for tort, workers' compensation, and automobile liability claims for Fiscal Year 1999 and Fiscal Year 2000 are detailed below (expressed in millions):

<u>Type of Claim</u>	<u>Fiscal Year 2000</u>	<u>Fiscal Year 1999</u>
Tort	\$ 8.9	\$ 6.6
Workers' compensation	20.8	16.9
Automobile	2.1	1.8

Property exposure is handled by a commercial insurance carrier. There were no reductions in commercial insurance coverage during the fiscal year ended June 30, 2000. No settlements exceeded commercial insurance coverage during each of the past three fiscal years. The State does not participate in any risk pools.

F. Other

In accordance with Governmental Accounting and Financial Reporting Standards (GASB) Codification L20.126, "Leases between State and Local Governments and Public Authorities", the debt and assets of the New Jersey Building Authority have been reduced for presentation herein in the amount of \$654.9 million, the amount of the present value of future lease payments by the State to the New Jersey Building Authority as of December 31, 1999.

In accordance with GASB Statement 24, "Accounting and Financial Reporting for Certain Grants and Other Financial Assistance," an additional \$322.3 million in federal grant revenues and economic planning, development, and security expenditures and \$1.5 million in other assets and deferred revenues relating to the State's food stamp program have been recorded.

NOTE 3 - CASH AND CASH EQUIVALENTS

All funds maintain their own individual bank account(s) except for the Casino Control, Casino Revenue, Gubernatorial Elections, Special Transportation, and Property Tax Relief Funds which are in the General Fund bank accounts. The balances of cash for these funds held in the General Fund, after receipt and disbursement transactions, are accounted for and reflected in the respective due from or due to accounts on the balance sheet.

New Jersey Revised Statutes (52:18-16.1) set the policy that the State Treasurer must follow when depositing State funds and for the collateralization of such funds. The relationship between the face amount of the collateral and the amount of a deposit is not statutory but is stipulated by the State Treasurer. All bank accounts in which the State Treasurer deposits funds, as well as certificates of deposit, must be collateralized. Securities pledged as collateral must consist of obligations of, or be guaranteed by, the United States or the State of New Jersey. Securities are pledged in the State Treasurer's name and held by a custodian bank under a custodian agreement.

Collateral requirements for demand accounts and time accounts for banks having less than \$15 million in State deposits per month are 100% and 120% of collateral, respectively, of the highest daily balance of each account. For banks that have State deposits which total \$15 million or more per month, the amount of collateral required is 120% of the total average daily balance on deposit in the bank during each calendar quarter of the year. The amount of collateral required for certificates of deposit is 120% of par value minus FDIC coverage.

The State Department of the Treasury monitors the level of collateral required to be maintained by the banks.

The Governmental Accounting Standards Board Statement 3 requires the bank balances of deposits to be categorized to indicate the level of risk assumed by the entity. Category 1 consists of deposits that are insured or collateralized with securities held by the entity or by its agent in the entity's name. Category 2 consists of deposits collateralized with securities held by the pledging financial institutions trust department or agent in the entity's name. Category 3 consists of deposits which are uncollateralized.

Cash and cash equivalents are categorized below for all funds excluding discretely presented component units (expressed in millions):

	<u>Category 1</u>	<u>Category 2</u>	<u>Category 3</u>	<u>Total Bank Balance</u>	<u>Total Carrying Amount</u>
Cash	\$ 64.1	\$ --	\$ 3.3	\$ 67.4	\$ 267.8

Totals	<u><u>\$ 64.1</u></u>	<u><u>\$ --</u></u>	<u><u>\$ 949.4</u></u>	<u><u>\$ 1,013.5</u></u>	<u><u>\$ 1,213.9</u></u>

Negative book balances of \$400.9 million representing a managed overdraft have been reclassified and are included in the accounts payable balance on the balance sheet as follows:

<u>Funds</u>	<u>Amount (In Millions)</u>
General Fund	\$ 294.1
Special Revenue Funds	33.7
Capital Projects Funds	--
Trust and Agency Funds	<u>73.1</u>
Total	<u><u>\$ 400.9</u></u>

NOTE 4 - INVESTMENTS

Statutes of the State of New Jersey and regulations of the State Investment Council authorize the Division of Investment to invest in obligations of the U.S. Treasury, foreign governments, agencies, municipal or political subdivisions of the State, commercial paper, bankers acceptances, revenue obligations of public authorities, debt instruments of banks, collateralized notes and mortgages, certificates of deposit, repurchase agreements, equity and convertible equity securities, and other common types of investment securities. Investee institutions and organizations are prescribed by the statutes and regulations based on such criteria as minimum capital, dividend paying history, credit history, and other evaluation factors.

The purchase, sale, receipt of income, and other transactions affecting investments are governed by custodial agreements between the investing funds through the State Treasurer and custodian banks as agents for the funds. State laws and policies set forth the requirements of such agreements and other particulars as to the size of the custodial institution, amount of the portfolio to be covered by the agreements, and other pertinent matters.

Federal securities, including those held as collateral on repurchase agreements, are maintained at Federal Reserve Banks in Philadelphia and New York through the custodian banks, in trust for the State of New Jersey. A significant portion of corporate equity and debt securities are maintained by the Depository Trust Company (DTC) through the custodian banks in trust for the State of New Jersey.

Securities not maintained by the Federal Reserve Banks or DTC are in the name of a designated nominee representing the securities of a particular State fund which establishes the State fund's unconditional right to the securities. The custodian banks, as agents for the State funds, maintain internal accounting records identifying the securities maintained by the Federal Reserve Banks and the DTC as securities owned by or pledged to the State funds.

In addition to the amounts invested directly, most of the funds included herein participate in the State of New Jersey Cash Management Fund wherein amounts also contributed by other units of government are combined into a large scale investment program. The Pension Trust Funds also participate in a Common Pension Trust Fund pool whereby amounts contributed by the various Pension Trust Funds are combined for the purpose of investment. Participation in the Cash Management Fund investment pool and the Common Pension Trust Fund investment pool by State funds is reflected as investments in the Balance Sheets of the respective funds. Amounts contributed to the Cash Management Fund investment pool by local governments and other entities which are not part of the State's reporting entity, are reflected as investments in the Balance Sheet of the State of New Jersey Cash Management Fund-External Portion.

Amounts contributed to the Cash Management Fund investment pool are recorded at cost, which approximates fair value. Any differences between cost and fair value for Cash Management Fund pool investments are immaterial. All other investments are recorded at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund and the Common Pension Funds. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290.

Casino Control, Casino Revenue, Gubernatorial Elections, Special Transportation, and Property Tax Relief Funds do not maintain separate investment accounts. Since cash transactions are handled by and through the General Fund as described in Note 3, any available cash balances for these funds reside in the General Fund and are combined with other balances for either participation in the State of New Jersey Cash Management Fund or direct investment as part of the General Fund large scale investment program. Except for the Casino Revenue Fund and the Casino Control Fund, investment earnings for these funds accrue to the General Fund.

Approximately \$1.2 billion of investments represents deposit fund contracts for future installment payments of lottery prizes due beyond one year from the balance sheet date. Lottery prizes are funded by the purchase of deposit fund contracts which, when matured, will provide amounts sufficient for future payment of installment prizes. Purchases of deposit fund contracts are recorded as an expenditure in the State Lottery Fund in the year of purchase. An agency fund has been established to record the deposit fund contracts and related liabilities at present value. In the event of default in making future payments by the insurance company from which the contracts were purchased, the State Lottery Commission would be liable for such future payments. Face value of deposit fund contracts approximates \$1.8 billion.

The Governmental Accounting Standards Board Statement 3 requires investments be categorized to indicate the level of risk assumed by the entity. Category 1 consists of investments that are insured or registered or for which the securities are held by the entity or its agent in the entity's name. Category 2 consists of uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the entity's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty or by its trust department or agent but not in the entity's name. Investments for all funds are classified as Category 1 and are detailed as follows (expressed in millions):

	Amount Reported As Investments

Total	\$ 94,676.4

NOTE 5 - RECEIVABLES

A. Federal

Federal government grant awards are established against State appropriations. Most Federal government receivables are comprised of amounts expended against grant awards, the expenditure of which is the basis of reimbursement. Since all amounts due from the Federal government are considered to be collectible, no allowance has been established for doubtful collections. Also see Note 20 - Contingent Liabilities.

These Federal receivables are reported in conformance with generally accepted accounting principles as defined in Statement 2 - Grant, Entitlement and Shared Revenue Accounting and Reporting by State and Local Governments published by the National Council on Governmental Accounting. Inasmuch as encumbrances do not constitute expenditures, and since recognition of grants and entitlements as revenue is primarily based on expenditures, there is an additional \$2.2 billion of Federal government awards consisting of encumbrances and appropriation balances which are considered unearned and unrecorded as of June 30, 2000.

Federal receivable balances in the Unemployment Compensation Fund (\$2.9 billion) represent unemployment contributions transferred to the Federal Reserve Bank for deposit in the Federal Unemployment Trust Fund. All monies are invested by the Federal Government and interest earnings are credited to the Unemployment Compensation Fund.

B. Departmental

Departmental accounts receivable of \$2,316.7 million include amounts which were substantially collected within the one month period subsequent to June 30 and include most major tax revenues. Amounts included in these receivables but not collected within the one month period subsequent to June 30 are deemed to be collectible, and are reflected net of allowances (\$231.1 million).

C. Loans

Loans receivable of \$1,936.6 million are reduced by allowances of \$16.5 million and include \$747.3 million due from local units of government and other recipients for environmental projects, \$1,091.9 million representing loans from respective pension funds to participating members of the pension funds, \$29.7 million loaned for economic development within local units of government, and \$18.4 million loaned for housing and mortgage assistance.

D. Other

Other receivables totaling \$2,342.2 million are reduced by allowances of \$518.5 million and include \$437.6 million of accrued earnings on investments and accrued interest on loans to third parties, contributions due from employers and members to the respective pension funds of \$1,058.2 million, contributions due from employers and members to the Health Benefits Fund of \$41.1 million, and \$206.0 million due from the Port Authority of New York and New Jersey.

NOTE 8 - DEFERRED REVENUE

Deferred revenue represents amounts received but not earned as of June 30. These amounts will be earned in subsequent fiscal years.

Deferred revenue at June 30, 2000 in the General Fund (\$358.6 million) consists principally of amounts due from the Port Authority of New York and New Jersey, motor vehicle licenses and registrations, insurance licensing, professional board licenses and fees, and food stamp inventory (in accordance with the provisions of GASB Statement 24). The amount at June 30, 2000 in the Petroleum Overcharge Reimbursement Fund (\$6.9 million) represents oil overcharge monies, which have been received, but remain unexpended. Additionally, the Casino Control Fund reflects deferred revenue of \$8.8 million which represents advance tax payments on slot machines from various casinos.

NOTE 9 - LONG-TERM OBLIGATIONS

A. Summary of Long-Term Obligations

A summary of long-term obligations at June 30, 2000 is shown below (expressed in thousands):

<u>General Long-Term Debt</u>	<u>Amount</u>
General obligation bonds	\$ 3,790,570
Revenue bonds	5,188,954
Accumulated sick and vacation payable	428,155
Capital leases	236,585
Installment obligations	4,633,682
Certificates of participation	147,575
Loans payable	<u>1,279,358</u>
Total General Long-Term Debt	<u><u>\$ 15,704,879</u></u>

B. Debt Service Payments

The following schedule represents debt service payments for the next five years and thereafter (expressed in thousands):

	General Long-Term Debt Account Group		
	State Bonded Debt	Revenue Bonds	Total
First	\$ 319,650	\$ 190,352	\$ 510,002
Second	306,945	207,638	514,583
Third	291,975	216,085	508,060
Fourth	271,574	228,531	500,105
Fifth	252,690	239,594	492,284
Thereafter	2,347,736	4,106,754	6,454,490
Total	\$ 3,790,570	\$ 5,188,954	\$ 8,979,524

The general obligation bonded debt outstanding as of June 30, 2000 is \$3.8 billion which is secured by the full faith and credit of the State (the General Fund). The amount to be provided for retirement of general obligation bonds on the balance sheet represents appropriations to be provided in the future from the General Fund for principal payments.

The New Jersey Transportation Trust Fund issued \$900.0 million in new bonds during Fiscal Year 2000.

The amount provided by the General Fund to the Debt Service Fund for interest and principal payments for the fiscal year ended June 30, 2000 was \$495.1 million. This is reflected in the Statement of Revenues, Expenditures and Changes in Fund Balances as a Transfer to other funds in the General Fund and a Transfer from other funds in the Debt Service Fund.

In prior years, the State has refunded various bond issuances by creating separate irrevocable trust funds. Refunding debt has been issued and the proceeds have been used to purchase United States Treasury Obligations--State and Local Government Series that were placed in the trust funds. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the State's General Long-Term Debt Account Group. As of June 30, 2000, the amount of defeased general obligation debt outstanding, but removed from the General Long-Term Debt Account Group amounted to \$819.7 million.

In addition, the State (the General Fund) has guaranteed the principal and interest payments on certain bonds issued by the New Jersey Sports and Exposition Authority. The amount outstanding on these bonds as of December 31, 1999 is \$99.5 million. The State's liability is contingent upon the Authority's inability to meet such debt service requirements through derived revenues. The State believes that the revenue of the Authority will be sufficient to provide for the payment of debt service on these obligations without recourse to the State's guarantee. The State has contracted with the Authority to provide annual appropriations to the Authority in amounts sufficient to provide for the debt service on certain other bonds issued by the Authority (State Contract Bonds). At June 30, 2000, the amount outstanding was \$686.7 million.

The State may be required to provide appropriations to meet any annual deficiencies in debt service for the South Jersey Port Corporation and the New Jersey Housing and Mortgage Finance Agency. However, the Legislature is not legally bound to make such appropriations for these "moral obligation" bonds. Furthermore, the New Jersey Housing and Mortgage Finance Agency has not had a deficiency in debt service reserve which required the State to appropriate funds.

The State provides the South Jersey Port Corporation with funds to cover all debt service and property tax requirements when the Corporation's earned revenues are anticipated to be insufficient to cover these obligations. On December 1, 1999, the Corporation certified that it would be unable to provide sufficient funds from operations for debt reserve and, therefore, required a State appropriation for Fiscal Year 2000 in the amount of \$3.4 million.

C. Changes in Long-Term Debt

The following schedule represents the changes in the General Long-Term Debt Account Group (expressed in thousands):

	Outstanding July 1, 1999	Additions	Deductions	Outstanding June 30, 2000
General obligation bonds	\$ 3,649,905	\$ 853,390	\$ 712,725	\$ 3,790,570

D. Capital Lease and Installment Obligations

The State has entered into various lease and installment purchase agreements as a means of acquiring capital assets.

The following is a schedule, by fiscal year, of future minimum lease payments under capital leases together with the present value of the net minimum lease payments as of June 30, 2000 (expressed in thousands):

<u>Fiscal Year</u>	<u>Amount</u>
2001	\$ 30,164
2002	29,557
2003	29,645
2004	30,236
2005	30,177
Thereafter	283,124
Total minimum lease payments	432,903
Less: Amount representing interest	196,318
Present value of lease principal payments	<u>\$ 236,585</u>

Installment obligations represent agreements between the State and several authorities which have issued their obligations to purchase or construct facilities to be rented by the State or to provide financing for other State projects. The State agrees to make rental payments equal to the debt service of the respective authorities' funds, subject to and dependent upon appropriations being made by the State Legislature for such purchases. At the conclusion of the term of the installment agreements, title to the various facilities is to be transferred to the State. The following is a schedule, by fiscal year, of future installment payments together with the present value of net minimum installment payments, as of June 30, 2000 (expressed in thousands) for both installment purchases as well as various other installment obligations of the State:

<u>Fiscal Year</u>	<u>Amount</u>
2001	\$ 327,169
2002	321,571
2003	334,779
2004	345,114

E. Loans Payable

The New Jersey Automobile Insurance Guaranty Fund has received a loan of \$1.28 billion from the New Jersey Property-Liability Insurance Guaranty Association. This loan will be repaid to the Association when the financial obligations of the Joint Underwriters Association (JUA) have been fully satisfied.

NOTE 10 - OTHER LIABILITIES

Other liabilities at June 30, 2000 include the following:

Other liabilities in the General Fund (\$61.2 million) and in the Property Tax Relief Fund (\$53.2 million) consist principally of revenue refunds payable.

NOTE 11 - FUND BALANCE RESERVED-OTHER

The following portions of fund balances have been reserved:

General Fund

The \$40.0 million reservation in the General Fund, consists principally of future statutory research and development tax credits, long-term advances, and receivables due from individuals, estates, municipalities, railroads, and other funds, that are considered not currently available for appropriation.

Special Revenue Funds

Reservations of fund balance in various Special Revenue Funds consists principally of long-term loans and receivables due from individuals, municipalities, and authorities, that are considered not currently available for expenditure in subsequent accounting periods. Other reservations include legally mandated escrow balances and amounts set aside for lottery prizes that are not currently available for expenditure.

Capital Project Funds

Special Transportation Fund

An amount of \$5.0 million represents loans to municipalities to be repaid in future years, which is not currently available for expenditure.

Trust Funds

Fund for Support of Free Public Schools

New Jersey Statutes provide for the establishment of a School Bond Reserve within this fund, in an amount equal to at least one and one-half percent of the aggregate issued and outstanding bonded indebtedness of counties, municipalities, or school districts for school purposes, exclusive of the debt service for bonds as provided by State appropriations. Accordingly, \$65.3 million of this fund balance has been reserved at June 30, 2000.

Unsatisfied Claim and Judgment Fund

An amount of \$7.7 million represents receivables to be paid to the fund over an extended period of years.

NOTE 12 - OTHER FINANCING SOURCES/USES - OTHER

During Fiscal Year 2000, the following items were recorded as other financing sources-other:

- \$834.6 million in the General Fund which represents proceeds generated from the sale of refunding bonds (\$436.1 million) and additions to long term debt in the amount of \$398.5 million. Additions to long term debt include increases in capital leases (\$60.7 million), increases in installment obligations (\$145.3 million), increases in certificates of participation (\$57.6 million), and increases in revenue bonds payable to the New Jersey Building Authority (\$134.9 million).
- \$6.5 million in various capital projects and special revenue funds representing the net premium on a \$425.0 million general obligation bond sale.

During Fiscal Year 2000, the following item was recorded as other financing uses-other:

- \$436.1 million in the General Fund which represents amount deposited with an escrow agent for refunding bonds.

NOTE 13 - OPERATING LEASES

The State of New Jersey has commitments to lease certain buildings and equipment under arrangements representing operating leases. Future minimum rental commitments for noncancellable operating leases as of June 30, 2000 are as follows (expressed in thousands):

<u>Fiscal Year</u>	<u>Amount</u>
2001	\$ 77,316
2002	69,953
2003	66,133
2004	61,985
2005	59,412
Thereafter	<u>353,912</u>
Total Future Minimum Lease Payments	<u>\$ 688,711</u>

NOTE 14 - ACCUMULATED UNPAID SICK AND VACATION BENEFITS

Cash payments for accumulated sick leave balances are made to retiring employees upon regular retirement. The payment is based on fifty percent of the employee's sick leave accumulation, at the pay rate in effect at the time of retirement up to a maximum of \$15,000. Employees separating from State service prior to retirement are not entitled to payments for accumulated sick leave balances.

At June 30, 2000, accumulated employee sick leave balances had an estimated value of \$325.9 million which is reflected in the General Long-Term Debt Account Group. Cash payments for sick leave at retirement are made from annual legislative appropriations for salaries and wages on a "pay-as-you-go" basis. Sick leave accumulations may also be used by an employee for a personal illness or injury as a means of continuing regular pay.

As of June 30, 2000, the liability for accumulated vacation pay of approximately \$102.2 million is reflected in the General Long-Term Debt Account Group. Employees annually earn 12 to 25 vacation days based on years of service and are permitted to carry over those days earned within a one year period.

NOTE 15 - DEFERRED COMPENSATION

The State offers its employees a deferred compensation plan (the Plan) created in accordance with Internal Revenue Code Section 457. The Plan, which is administered by the Department of the Treasury, Division of Pensions and Benefits, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death, or an unforeseeable emergency.

Under current Internal Revenue Service regulations, all monies that are deferred and any other assets or income of the Plan shall be held in trust for the exclusive benefit of the participating employees and their beneficiaries. The State has no liability for losses under the Plan but does have the duty of due care that would be required of an ordinary prudent investor.

The New Jersey State Employees' Deferred Compensation Plan is reported as an expendable trust fund in the financial statements.

NOTE 16 - RETIREMENT SYSTEMS

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all state and local government employees:

Consolidated Police and Firemen's Pension Fund (CPFPE)--established in January 1952, under the provisions of N.J.S.A. 43:16 to provide coverage to municipal police and firemen who were appointed prior to July 1, 1944. The fund is a closed system with no active members.

Judicial Retirement System (JRS)--established in June 1973, under the provisions of N.J.S.A. 43:6A to provide coverage to all members of the State judiciary system. Membership is mandatory for such employees with vesting after five years of successive service as a judge and 10 years in the aggregate of public service.

Police and Firemen's Retirement System (PFRS)--established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees with vesting occurring after 10 years of membership.

Prison Officers' Pension Fund (POPF)--established in January 1941, under the provisions of N.J.S.A. 43:7 to provide coverage to various employees of the State penal institutions who were appointed prior to January 1, 1960. The fund is a closed system with no active members. New employees of the State penal institutions are enrolled in the Police and Firemen's Retirement System.

Public Employees' Retirement System (PERS)--established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, including post-retirement health care, to substantially all full time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

State Police Retirement System (SPRS)--established in July 1965, under the provisions of N.J.S.A. 53:5A to provide coverage to all uniformed officers and troopers of the State Police in the State. Membership is mandatory and vesting occurs after 10 years of membership.

Teachers' Pension and Annuity Fund (TPAF)--established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time certified teachers or professional staff of the public school systems in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

Other Pension Funds:

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local governmental employers do not appropriate funds to SACT.

The State also administers the Central Pension Fund (CPF) which is a single-employer noncontributory defined benefit plan for special groups which are not included in other State-administered systems. There are no employees covered by CPF.

The State also administers the Pension Adjustment Fund (PAF) which provides cost of living increases, equal to 60 percent of the change in the average consumer price index, to eligible retirees in all State-sponsored pension systems except SACT. In the CPF, POPF, and CPF, the cost of living increases are payable from the State of New Jersey Pension Adjustment Fund which is funded by the State as benefit allowances become payable. The cost of living increases for PFRS, PERS, TPAF, SPRS, and JRS are funded directly by each of the respective systems and are considered in the annual actuarial calculation of the required State contribution for that system.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems, funds, and trust. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

Basis of Accounting

The financial statements of the Funds are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the Funds. Benefits or refunds are recognized when due and payable in accordance with the terms of the Funds.

Investment Valuation

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund, Common Pension Fund A, Common Pension Fund B, and Common Pension Fund D. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290.

Significant Legislation

Due to the enactment of 1997 legislation, Chapter 114, P.L. 1997 and Chapter 115, P.L. 1997, the State of New Jersey's portion of the unfunded accrued liability under each retirement system was eliminated. In addition, excess valuation assets were available to fund, in full or in part, the State of New Jersey's normal contribution for the fiscal years ended June 30, 2000 and 1999, excluding the contribution for post-retirement medical benefits in the PERS and TPAF.

Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The various pension funds provide for employee contributions based on percentages ranging from 3.00 percent to 8.50 percent of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in all Funds except the SACT, CPF, and PAF. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the JRS, PFRS, PERS, SPRS, and TPAF. In the PERS and TPAF, the employer contribution includes funding for post-retirement medical premiums.

During the year ended June 30, 2000 for CPFPF and TPAF, which are cost sharing plans with special funding situations, and for JRS, POPF, and SPRS, which are single employer plans, annual pension cost equals annual required contribution. For PFRS and PERS, which are multi-employer pension plans, the annual pension cost differs from the annual required contribution due to the enactment of Chapter 114, P.L. 1997.

The annual pension cost for the fiscal year ending June 30, 2000 and related information, including a summary of the significant actuarial methods and assumptions used by the Funds, are presented on the following pages. Note that the assumption regarding post-retirement benefit increases has not been disclosed because post-retirement health care benefits are currently being funded on a modified pay-as-you-go basis and not on an actuarial reserve basis.

NOTE 17 - POST-RETIREMENT MEDICAL BENEFITS

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required the Teachers' Pension and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. As of June 30, 2000, there were 48,156 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with Chapter 62, P.L. 1994. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in Fiscal Year 1994 with an additional contribution beginning in Fiscal Year 1996 to maintain a medical reserve of one half of one percent of the active State payroll.

The State contributed \$56.7 million to the PERS and \$120.8 million to the TPAF in Fiscal Year 2000 for post-retirement medical benefits.

In addition, Chapter 136, P.L. 1977 provides for the State to pay health benefits coverage of retired state employees regardless of retirement date whose pensions are based upon 25 years or more of credited service (except those who elect a deferred retirement) or a disability retirement regardless of years of service. Excluded from these benefits are retirees from the PERS and the TPAF which finance the cost of providing the same health benefits coverage to the retirees.

These benefits are funded by the State on a "pay-as-you-go" basis. For Fiscal Year 2000, the State contributed \$22.9 million for 3,879 eligible retired members.

The State is also responsible for the cost attributable to Chapter 126, P.L. 1992, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. In Fiscal Year 2000, the State paid \$22.3 million toward Chapter 126 benefits for 6,189 eligible retired members.

NOTE 18 - COMPONENT UNITS - AUTHORITIES

The accounts of public authorities, private not-for-profit corporations, and similar entities (hereinafter called Authorities) in the accompanying financial statements are derived from their most recently issued annual financial statements. Authorities are legally separate entities that are not operating departments of the State.

The activities of the New Jersey Building Authority and the New Jersey Transportation Trust Fund Authority have been blended into the financial activities of the State as special revenue funds, debt service fund, and general long-term debt account group. All other Authorities have been discretely presented as component units in the State's financial statements in accordance with GASB Statement 14. Accordingly, the statements of these Authorities have been discretely presented in separate columns in the State's financial statements.

The Authorities are managed independently, outside the appropriated budget process, and their powers generally are vested in the governing board. Authorities are established for a variety of purposes for the benefit of the State's citizenry, such as economic development, financing, public transportation, low cost housing, environmental protection, and capital development for health and education. In addition, they are not subject to State constitutional restrictions on the incurrence of debt, which apply to the State itself, and may issue bonds and notes within legislatively authorized amounts.

The Governor, with the approval of the State Senate, appoints the members of the board of most Authorities. Authorities generally submit annual reports to the Governor, the Legislature, and the Comptroller on their operations and finances accompanied by an independent auditor's report thereon. Authorities also submit to the Governor and the Legislature annual budget information on operations and capital construction. The Governor has from time to time exercised the statutory power to veto actions.

Descriptions of the discretely presented Authorities and addresses from which complete financial statements of the respective Authority may be obtained are provided at the conclusion of Note 18. These component units are included in the State's reporting entity because of the significance of their operational or financial relationship with the State.

The following pages represent condensed financial statements for each major discretely presented Authority included in the component unit column in the general purpose financial statements (GPFS). All nonmajor discretely presented Authorities are presented in the aggregate.

A. Cash and Cash Equivalents

Governmental Accounting Standards Board Statement 3 requires the bank balances of deposits to be categorized to indicate the level of risk assumed by the entity. Category 1 consists of deposits that are insured or collateralized with securities held by the entity or by its agent in the entity's name. Category 2 consists of deposits collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name. Category 3 consists of deposits which are uncollateralized.

The Component Units - Authorities generally classify as cash and cash equivalents, all highly liquid investments with an original maturity of three months or less.

Cash and cash equivalents are categorized below for all discretely presented Authorities (expressed in thousands):

	Category 1	Category 2	Category 3	Total Bank Balance	Total Carrying Balance
Cash	\$ 22,280	\$ 89,532	\$ 24,017	\$ 135,829	\$ 113,921

Total	\$ 22,280	\$ 544,437	\$ 233,643	\$ 800,360	\$ 779,303

Cash and cash equivalents for proprietary and governmental component units total \$282.6 million and \$496.7 million, respectively.

B. Investments

The Authorities primarily invest in U.S. Government Securities, other Government bonds and securities, and mortgage backed certificates. Governmental Accounting Standards Board Statement 3 requires investments to be categorized to indicate the level of risk assumed by the entity. Category 1 consists of investments that are insured or registered or for which the securities are held by the entity or its agent in the entity's name. Category 2 consists of uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the entity's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent but not in the entity's name. Investments are categorized below for all discretely presented Authorities (expressed in thousands):

Total	\$ 9,869,214	\$ 1,088,013	\$ 382,821	\$ 10,574,406

*As restated.

Depreciation Method

Depreciation is calculated using the straight line method over the following useful life:

Land improvements	10 - 100 yrs.
Buildings	15 - 60 yrs.
Machinery and equipment	2 - 25 yrs.

The following table reflects the accumulated depreciation for the major classes of fixed assets reported by the discretely presented Authorities which use proprietary fund accounting (expressed in thousands):

	Accumulated Depreciation
Land improvements	\$ 231,281
Buildings and improvements	1,190,369
Machinery and equipment	1,318,584
Total	\$ 2,740,234

E. Long-Term Obligations

A summary of long-term obligations for the discretely presented Authorities at June 30, 2000 is shown below (expressed in thousands):

	Proprietary
	<hr/>
Revenue bonds and notes	\$ 10,017,385
Capital leases and installment obligations	1,182,483

Fiscal Year Ending December 31, 1999**

The New Jersey Development Authority for Small Businesses, Minorities' and Women's Enterprise was established as a public body corporate and politic of the State, pursuant to Chapter 386 of P.L. 1985. The Authority was established to provide financial assistance to small businesses and businesses owned by minorities and women in order to encourage entrepreneurship within these groups.

New Jersey Economic Development Authority (N.J.S.A. 34:1B-4)

**36 West State Street
P.O. Box 990
Trenton, New Jersey 08625
Fiscal Year Ending December 31, 1999**

The New Jersey Economic Development Authority, created in 1974 as a public body corporate and politic, is authorized to arrange long-term, low-interest financing, and other forms of assistance to private firms and companies for the purpose of maintaining and expanding employment opportunities and enlarging the tax base of state and local governments in the State of New Jersey.

New Jersey Educational Facilities Authority (N.J.S.A. 18A:72A-4)

**101 College Road East
Princeton, New Jersey 08540-6601
Fiscal Year Ending December 31, 1999**

The New Jersey Educational Facilities Authority was established in 1966 to provide a means for New Jersey public and independent colleges and universities to construct additional facilities through the financial resources of a public authority empowered to sell its debt instruments (bonds, notes, and other obligations). The Authority may finance academic and auxiliary facilities for the public and independent institutions of higher education.

New Jersey Environmental Infrastructure Trust (N.J.S.A. 58:11B-4)

**3131 Princeton Pike - Building 6
P. O. Box 440
Trenton, New Jersey 08625
Fiscal Year Ending June 30, 2000**

The New Jersey Environmental Infrastructure Trust established in, but not of, the Department of Environmental Protection in 1985, is a body corporate and politic, with corporate succession. The purpose of the Trust is to make loans and guarantee debt incurred by local government units in financing the cost of wastewater treatment system projects.

The Trust may from time to time issue bonds, notes, or other obligations in any principal amounts that the Trust deems necessary, up to an aggregate principal amount of \$600 million, in order to provide sufficient funds to carry out its purpose.

New Jersey Health Care Facilities Financing Authority (N.J.S.A. 26:2I4)

**Station Plaza Bldg. #4
South Clinton and Yard Avenue
P.O. Box 366
Trenton, New Jersey 08625
Fiscal Year Ending December 31, 1999**

The New Jersey Health Care Facilities Financing Authority, established in 1972 as a public body corporate and politic of the State, provides low-cost capital financing for the public and private not-for-profit health care institutions of the State.

New Jersey Higher Education Student Assistance Authority (N.J.S.A. 18A:71A-1 et. seq.)

**P.O. Box 540
Trenton, New Jersey 08625-0540
Fiscal Year Ending June 30, 2000**

This Authority was established to provide a single agency for the coordination and delivery of student financial assistance in the State of New Jersey. The Authority serves as the Guaranty Agency for the Federal Family Education Loan (FFEL) Program and the issuer of State of New Jersey College Loans to Assist State Students (NJCLASS) supplementary loan program. The authority also administers the State Tuition Aid Grants (TAG), scholarship programs, and the State College Savings Program, known as the New Jersey Better Educational Trust (NJBEST).

New Jersey Highway Authority (N.J.S.A. 27:12B-4)

**Executive Offices
Garden State Parkway
Woodbridge, New Jersey 07095

The New Jersey Highway Authority, created in 1952 as a body corporate and politic, is authorized to acquire, construct, operate, and maintain highway projects (specifically the toll portions of the Garden State Parkway) with the provision that the Governor shall have the right to veto any action, except collective bargaining; and that the approval of the Governor and State Treasurer or Comptroller shall be required prior to adoption of any bond resolution or revision of tolls. The Authority has also been responsible for construction and maintenance of the PNC Arts Center.

New Jersey Housing and Mortgage Finance Agency (N.J.S.A. 55:14K4)

**637 South Clinton Avenue
P. O. Box 18550
Trenton, New Jersey 08650-2085
Fiscal Year Ending June 30, 2000**

The Housing and Mortgage Finance Agency (HMFA) makes mortgage and improvement loans to nonprofit and limited dividend sponsors for the construction or major rehabilitation of rental apartment housing for low and moderate-income families and senior citizens. In addition to providing financing, the Agency monitors and provides technical support in the planning, construction, and management of all developments in its portfolio. HMFA mortgage loan funds come from the sale of tax-exempt revenue bonds.

In promoting the availability of affordable homeownership financing, the Agency also provides low-interest mortgage and improvement loans to eligible residents throughout the State. Proceeds from the sale of tax-exempt mortgage revenue bonds enable the Agency to finance the purchase and improvement of one to four unit residences.

New Jersey Redevelopment Authority (N.J.S.A 55:19-1)
225 East State Street
P. O. Box 790
Trenton, New Jersey 08625
Fiscal Year Ending December 31, 1999

The New Jersey Redevelopment Authority was created pursuant to Chapter 62 of P.L. 1996, effective July 13, 1996, to provide assistance in the redevelopment and revitalization of New Jersey cities. The Authority is to provide financial, managerial, and technical assistance to persons, firms, or corporations that wish to undertake industrial, commercial, or civic projects within qualified municipalities.

New Jersey Sports and Exposition Authority (N.J.S.A. 5:10-4)
50 Route 120
East Rutherford, New Jersey 07073
Fiscal Year Ending December 31, 1999

The New Jersey Sports and Exposition Authority, established in 1971 as a public body corporate and politic with corporate succession, has been responsible for the financing, construction, and management of the Meadowlands Racetrack and Giants Stadium, both of which opened in 1976, and the Continental Airlines Arena which opened in July, 1981. The Authority is charged with the responsibility to own, operate, and build various facilities, located in the State of New Jersey, including the Atlantic City Convention Center Authority, for athletic and entertainment events, trade shows, and other expositions, and is authorized to issue bonds and notes and to provide the terms and security thereof.

New Jersey Transit Corporation (N.J.S.A. 27:25-1)
One Penn Plaza East
Newark, New Jersey 07105
Fiscal Year Ending June 30, 2000

New Jersey Transit Corporation (NJ TRANSIT) was created by the New Jersey Public Transportation Act of 1979 and is empowered to acquire, own, operate, and contract for the operation of public transportation services.

NJ TRANSIT receives operating subsidies principally from the State of New Jersey by legislative appropriation and the Federal Government by defined formula grants under the Urban Mass Transportation Administration (UMTA). These government grants are used to support the operation of public transportation services.

NJ TRANSIT provides these services through the operation of bus and commuter rail subsidiaries. NJ TRANSIT also contracts with several motor bus carriers for certain transportation services. Under these contracts, NJ TRANSIT has the right to set fares and coordinate service levels and schedules. In addition, NJ TRANSIT contracts with the National Railroad Passenger Corporation (Amtrak) for the maintenance of certain NJ TRANSIT rolling stock and the use of Amtrak's northeast corridor, including propulsion costs and the cost of maintaining right-of-way.

NOTE 19 - COMPONENT UNITS - COLLEGE AND UNIVERSITY FUNDS

Effective July 1, 1987, State colleges, whose revenues and expenditures were previously accounted for in the General Fund of the State of New Jersey, were given autonomous status as a result of Chapters 42 and 88 of Public Law of 1988.

The financial statements of the colleges and universities have been prepared in accordance with the American Institute of Certified Public Accountants' "Industry Audit Guide - Audits of Colleges and Universities" and Governmental Accounting Standards Board (GASB) Statement 14, "The Financial Reporting Entity." These component units are included in the State's reporting entity because of the significance of their operational or financial relationships with the State and fiscal dependency on the State. The colleges and universities are funded through State appropriations, tuition, federal grants, and private donations and grants. Because the colleges and universities are similar in nature and function, their statements have been discretely presented in a separate column in the combined balance sheet. Additionally, the statement of changes in fund balances and statement of current funds revenues, expenditures and other changes have been presented in separate statements. The financial statements do not include the financial activity related to foundations and similar organizations within the colleges and universities, except for New Jersey Institute of Technology and Rutgers, The State University of New Jersey. Because of their significant operational and fiscal relationship with the universities, these foundations are presented as component units of the universities.

Addresses and web-sites of the colleges and universities are provided at the conclusion of this note.

A. Fund Accounting

The financial activities of the colleges and universities are recorded in funds which classify the various transactions by specified activities or objectives. Fund balances of such funds are primarily reported as reserved for higher education programs and higher education general endowment and similar funds. The financial statements presented here are an aggregation of these fund types. Data regarding these funds can be obtained in the audit reports of the individual colleges and universities for the year ended June 30, 2000.

B. Fund Accounting

The beginning fundbalances for the following funds have changed as follows:

	<u>Change</u>		<u>Amount</u>	<u>College / University</u>
Plant	Net	decrease of	\$ 16,702,000	University of Medicine and Dentistry of New Jersey
Plant	Net	increase of	12,890,536	Montclair State University
Proprietary	Net	increase of	16,702,000	University of Medicine and Dentistry of New Jersey

The net change within individual funds is due to the completion of the University's asset management ledger computer system conversion and the resultant classification of certain funds as required by GASB Statement 20.

The change in fund balance for Montclair State University is due to an increase in Construction in Progress for amounts which had been recorded as expended for plant facilities in previous years.

C. Cash and Cash Equivalents

Governmental Accounting Standards Board Statement 3 requires the bank balances of deposits to be categorized to indicate the level of risk assumed by the entity. Category 1 consists of deposits that are insured or collateralized with securities held by the entity or by its agent in the entity's name. Category 2 consists of deposits collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name. Category 3 consists of deposits which are uncollateralized.

Cash and cash equivalents are categorized below for all college and university funds (expressed in millions):

	Category 1	Category 2	Category 3	Total Bank Balance	Total Carrying Balance
Cash	\$ 37.8	\$ 0.3	\$ 6.1	\$ 44.2	\$ 53.5
Cash with fiscal agents	28.7	6.2	0.5	35.4	29.1
Certificates of deposit and related items	6.6	21.4	254.0	282.0	282.0
Total	\$ 73.1	\$ 27.9	\$ 260.6	\$ 361.6	\$ 364.6

The following state colleges and universities had negative cash balances at June 30, 2000. These amounts have been reclassified and are presented as accounts payable by fund as follows:

Fund	College / University	Amount
Unrestricted	New Jersey City University	\$ 347,517
	The William Paterson University of New Jersey	2,140,650
	The Richard Stockton College of New Jersey	22,022,354
	University of Medicine and Dentistry of New Jersey	20,158,000
Plant	University of Medicine and Dentistry of New Jersey	4,168,000
Student Loan	The William Paterson University of New Jersey	23,044
Endowment	The William Paterson University of New Jersey	722,681
	University of Medicine and Dentistry of New Jersey	24,000

D. Investments

All investments are recorded at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Donated securities are carried at fair value at the date of gift. Governmental Accounting Standards Board Statement 3 requires investments to be categorized to indicate the level of risk assumed by the entity. Category 1 consists of investments that are insured or registered or for which the securities are held by the entity or its agent in the entity's name. Category 2 consists of uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the entity's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty or by its trust department or agent but not in the entity's name. Investments of the colleges and universities are in accordance with the statutes of the State of New Jersey (see Note 4), regulations of governing boards, or applicable limitations set forth in gift instruments. Investments for all colleges and universities are detailed as follows (expressed in millions):

	Category 1	Category 2	Category 3	Fair Value	Cost
Government and other	\$ 476.2	\$ 208.6	\$ -	\$ 684.8	\$ 699.6

Total reported as investments				<u>\$ 1,271.1</u>	<u>\$ 1,211.1</u>

E. Patient Service Revenues

Patient service revenues, which were \$384.0 million during Fiscal Year 2000, are reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors.

F. Departmental Receivables

An allowance for doubtful receivables is provided for estimated losses expected to be incurred in collection. The estimated losses are based on historical collection experience and a review of the status of existing receivables.

G. Fixed Assets

Fixed assets are stated principally at cost at date of acquisition or fair value at date of donation in the case of gifts. Rutgers, The State University of New Jersey and the University of Medicine and Dentistry of New Jersey have elected to record depreciation in accordance with FASB Statement No. 93, "Recognition of Depreciation by Not-for-Profit Organizations" (expressed in millions):

	Amount
Land	\$ 82.8
Land improvements	107.3
Building and improvements	3,199.7
Machinery and equipment	1,156.4
Construction in progress	<u>221.6</u>
Total Fixed Assets	4,767.8
Less: Accumulated depreciation	<u>1,268.7</u>
Total Net Fixed Assets	<u><u>\$ 3,499.1</u></u>

H. Pension and Retirement Benefits

Retirement benefits for the majority of eligible full-time employees are provided under various pension agreements, namely the Public Employees' Retirement System (Note 16), the Teachers' Pension and Annuity Fund, and the Teachers' Insurance and Annuity Association - College and Retirement Equities Fund. Under these arrangements, the plan participants make annual contributions and the State provides the employer portion of the contribution directly. Contributions made by the State in Fiscal Year 2000 amounted to \$66.8 million. In addition to the above major plans, some employees of most of the colleges and universities are covered under the Police and Fireman's Retirement System and some employees of the University of Medicine and Dentistry of New Jersey are covered under retirement systems of the City of Newark. A summary of the State contribution is as follows (expressed in millions):

College / University	State Contribution
The College of New Jersey	\$ 2.9
Thomas Edison State College	0.5
Kean University	1.7
Montclair State University	4.7
New Jersey City University	2.2

Present Value of Lease Payments	<u>\$ 313.5</u>

L. Self Insurance Reserve Fund

The University of Medicine and Dentistry of New Jersey-Self Insurance Reserve Fund is accounted for within a trust fund maintained by the State of New Jersey.

M. Commitments and Contingencies

The colleges and universities are a party to various legal actions arising in the ordinary course of their operations. While it is not feasible to predict the ultimate outcome of these actions, it is the opinion of management that the resolution of these matters will not have a material adverse effect on the financial statements.

NOTE 20 - CONTINGENT LIABILITIES

General Fund

At any given time, there are various numbers of tort, contract, and other claims and cases pending against the State, State agencies, and employees, seeking recovery of monetary damages. The majority of these claims have historically proven to be substantially less value than originally claimed. The State does not formally estimate its reserve representing potential exposure for these claims and cases. As of June 30, 2000, the exact amount involved in these legal proceedings is not fully determinable.

Special Revenue Funds

New Jersey Automobile Insurance Guaranty Fund

Various insurers licensed to write property and casualty insurance in the State have filed suit against the State contending that their assessments are being used to retire debt of the Market Transition Fund (MTF). The plaintiffs contend that assessments dating back to 1990 are in dispute, challenge the constitutionality of the assessments and legislation which allow the assessment, and request that the monies assessed since 1990 be returned. The ultimate disposition of this suit is not determinable at this time.

New Jersey Lawyers Fund for Client Protection

Claims of approximately \$10.1 million have been filed against this Fund by individuals and companies seeking reimbursement for losses resulting from the alleged dishonest conduct by members of the Bar of the State of New Jersey. The ultimate disposition of these claims is not determinable at this time.

New Jersey Spill Compensation Fund

As of June 30, 2000, various claims have been filed against the Fund by third parties for damages caused by spills. These claims have not reached the stage in the judicial process where reasonable amounts have been established, and therefore, are not classified as liabilities under generally accepted accounting principles.

Sanitary Landfill Facility Contingency Fund

Various claims totaling approximately \$31.0 million have been filed against this Fund by individuals, local municipalities, and school districts. In addition, there are a number of similar claims for unspecified dollar amounts which are pending. The ultimate disposition of these claims is not determinable at this time.

Capital Projects Funds

Due to delays in construction and design problems, various claims for damages have been filed with respect to the Special Transportation Fund in the amount of \$15.9 million. Fund management is presently evaluating the claims. There has been no determination as to the ultimate amount for which this Fund will be liable.

Trust Funds

Real Estate Guaranty Fund

Claim payments, as certified by court orders, are made to persons aggrieved by the unlawful practices of real estate brokers or salesmen. As of June 30, 2000, there were various cases pending with a maximum possible exposure to the Fund of approximately \$0.6 million. The ultimate disposition of these claims is not determinable at this time.

University of Medicine and Dentistry of New Jersey – Self Insurance Reserve Fund

The State has the ultimate liability for tort and malpractice claims in excess of the resources of the Fund.

Federal Programs

Under the terms of various grant awards, expenditures from Federal funds are subject to audit. As of June 30, 2000, audits of expenditures for Fiscal Year 2000 and prior years may not be completed. Disallowances which may result from these audits are not determinable at this time. As of June 30, 2000, it is management's opinion that disallowances, if any, would not be material.

NOTE 21 – SUBSEQUENT EVENTS

Subsequent to June 30, 2000, the State has authorized short term borrowing of \$700 million in the form of commercial paper, of which all \$700 million has been issued. Final maturity of the notes will be June 15, 2001. In addition, the New Jersey Building Authority issued bonds in August 2000 in the amount of \$29.0 million to finance additional projects.

**STATE OF NEW JERSEY
SPECIAL REVENUE FUNDS
DESCRIPTION OF FUNDS**

Alcohol Education, Rehabilitation and Enforcement Fund (N.J.S.A. 54:32C)

Annual deposits of \$11.0 million are made to this Fund from annual collections of the Alcohol Beverage Excise Tax. The monies collected shall be dedicated as follows: 75 percent to alcohol rehabilitation; 15 percent to enforcement; and 10 percent to education.

Additionally, fees of \$40 paid by persons convicted of operating a motor vehicle under the influence of intoxicating liquor or drugs, are deposited into this Fund to be used for the screening, evaluation, education, and referral of persons who have been convicted of drunk driving.

Beaches and Harbor Fund (P.L. 1977, c.208)

An amount of \$30 million was authorized to research, plan, acquire, develop, construct, and maintain beaches and harbors.

Board of Bar Examiners (R. 1:27B1)

This Fund was established for the purposes of drafting bar essay examination questions, reviewing applications, and preparing, administering, and grading bar examinations. Revenues are generated by payments made by candidates for admission to the Bar of the State of New Jersey. **STATE OF NEW JERSEY
CAPITAL PROJECTS FUNDS
DESCRIPTION OF FUNDS**

Correctional Facilities Construction Fund (P.L. 1982, c.120)

An amount of \$170 million was authorized for construction of new medium security prisons, a program of county assistance, and renovations and modifications to existing State facilities.

Correctional Facilities Construction Fund of 1987 (P.L. 1987, c.178)

An amount of \$198 million was authorized for State and county correctional facilities for planning, erection, acquisition, improvement, construction, reconstruction, development, extension, rehabilitation, demolition, and equipment.

Energy Conservation Fund (P.L. 1980, c.68)

An amount of \$50 million was authorized, of which \$3 million is for energy audits and \$47 million is for energy-saving renovations to educational facilities, institutions, and public buildings of the State.

Human Services Facilities Construction Fund (P.L. 1984, c.157)

An amount of \$60 million was authorized for the planning, construction, reconstruction, development, erection, acquisition, extension, improvement, rehabilitation, and equipping of human services facilities.

Institutional Construction Fund (P.L. 1978, c.79)

An amount of \$100 million was authorized to construct or rehabilitate facilities for the mentally retarded in concert with the federal program for Intermediate Care Facilities/Mentally Retarded (ICF/MR) and the construction or rehabilitation of mental health and correctional facilities. In addition, funds were used for a library for the blind and handicapped and a forensic laboratory for the State Medical Examiner.

Institutions Construction Fund (P.L. 1976, c.93)

An amount of \$80 million was authorized to provide safe and humane facilities at institutions for the mentally ill, mentally retarded, and incarcerated through construction of new facilities or rehabilitation and improvement of existing facilities.

New Jersey Bridge Rehabilitation and Improvement and Railroad Right-of-Way Preservation Fund (P.L. 1989, c.180)

An amount of \$115 million has been authorized for the purpose of rehabilitating and improving bridges in the State, and the preservation and acquisition of railroad rights-of-way.

New Jersey Bridge Rehabilitation and Improvement Fund (P.L. 1983, c.363)

An amount of \$135 million was authorized for the purpose of rehabilitating and improving bridges in the State's rail and road system. Of this sum, \$97.5 million was reserved for the cost of rehabilitation and improvement of bridges carrying State highways and \$37.5 million was reserved for the State share of the cost of rehabilitation and improvement of bridges carrying county and municipal roads.

Public Buildings Construction Fund (P.L. 1968, c.128)

An amount of \$337.5 million was authorized for construction, reconstruction, development, extension, and equipping of public buildings for State institutions, higher education, including State and county colleges, vocational education, and for a statewide television and radio network.

Public Purpose Buildings and Community-Based Facilities Construction Fund (P.L. 1989, c.184)

An amount of \$125 million was authorized for the purpose of the planning, construction, reconstruction, development, erection, acquisition, extension, improvement, rehabilitation, and equipment of State and community-based human services facilities and State correctional facilities.

Public Purpose Buildings Construction Fund (P.L. 1980, c.119)

An amount of \$159 million was authorized for construction of public purpose buildings, including \$50 million for facilities for the mentally retarded, \$67 million for correctional facilities, \$7 million for a veterans' long-term care facility, \$3.5 million for facilities for children in need of supervision, and \$21.5 million for facilities for the mentally ill.

Proceeds in the amount of \$10 million from the sale of bonds was authorized to be segregated and held aside for guarantees providing that the monies shall be pledged as security for the obligation.

Special Transportation Fund (N.J.S.A. 27:1B-21)

This Fund was established in accordance with the provisions of the New Jersey Transportation Trust Fund Authority Act of 1984. The Fund accounts for the receipt of resources from the New Jersey Transportation Trust Fund Authority and related federal grant awards, and the expenditure of these funds for authorized public transportation projects. The funds can only be expended by the Department of Transportation pursuant to appropriations or authorizations made by the Legislature for the purpose of the Transportation Trust Fund Authority Act.

State Facilities for Handicapped Fund (P.L. 1973, c.149)

An amount of \$25 million was authorized for expansion and renovation of the Marie H. Katzenbach School for the Deaf and for the planning, acquisition, improvements, and construction of regional day-school facilities to educate children with severe handicaps.

1999 Statewide Transportation and Local Bridge Fund (P.L. 1999, c.181)

An amount of \$500 million was authorized for the purpose of rehabilitating and improving State transportation, including local bridges. Of this sum, \$250 million was reserved for grants to county and municipal governments for the cost of rehabilitation and improvement of structurally deficient bridges carrying county or municipal roads including railroad overhead bridges. The remaining \$250 million is reserved for transportation projects.

Transportation Rehabilitation and Improvement Fund (P.L. 1979, c.165)

An amount of \$475 million was authorized to provide an improved transportation system for the State. Of this amount, \$150 million was reserved for the improvement of public transportation facilities; \$80 million was reserved for the improvement of county and municipal roads; and \$245 million was reserved for the improvement of State highways.

**STATE OF NEW JERSEY
TRUST AND AGENCY FUNDS
DESCRIPTION OF FUNDS**

EXPENDABLE TRUST FUNDS

Alternate Benefit Long-Term Disability Fund

This Fund was established on October 1, 1986. It is an employer-funded, expendable trust fund for long-term disability. Benefits will be paid to those members of the Alternate Benefit Programs Fund who have been disabled for two years or more since October 1, 1986.

Community Development Bond Fund (P.L. 1981, c.486)

An amount of \$85 million was authorized to capitalize the New Jersey Local Development Financing Fund and to provide support for the revitalization, development, and creation of urban industrial parks in the communities. An amount of \$45 million was allocated to capitalize the New Jersey Local Development Financing Fund; \$30 million was allocated for low-interest loans and grants to counties, municipalities, and other entities for assisting capital construction projects to aid in the revitalization of distressed urban areas and in the promotion of the economic and social development of older central commercial districts of rural and developing communities. The remaining \$10 million was allocated to provide financial assistance for the creation and development of urban industrial parks.

Dental Expense Program Fund (N.J.S.A. 52:14-17.29)

This program is available to most State employees who are eligible to participate in the State health benefits program for themselves and their dependents. The cost is borne jointly by the State and the employee. The employee may select either the traditional insurance coverage with an insurance carrier or enrollment in one of the participating dental plan organizations. Under the traditional insurance coverage, each year the covered employee and dependents must satisfy the specified deductible, after which the insurance will pay 80 percent of the additional eligible charges incurred during that particular year. The dental plan organizations provide prepaid plans where the payroll deductions cover all eligible services except for specified co-payments.

Emergency Services Fund (N.J.S.A. 52:14E-5)

This Fund was established in 1972 to reimburse municipalities or counties for damage or excess costs as a result of an emergency. Payments must be certified by the Governor's Advisory Council and approved by the Governor.

Fund for Support of Free Public Schools (N.J.S.A. 18A:56-1)

The Fund consists of proceeds from the sale of riparian lands, rents received on leased riparian lands of the State, licenses, and fees related to such lands, and the income from earnings on investments. The income is appropriated by the Annual Appropriations Act for the support of free public schools. The income of the Fund is then transferred to the General Fund in support of such appropriations.

P.L. 1980, c.72, enacted on July 16, 1980, known as the "New Jersey School Bond Reserve Act," provides for the establishment of a School Bond Reserve within the Fund for Support of Free Public Schools, in an amount equal to at least 1 1/2 percent of the aggregate issued and outstanding bonded indebtedness of counties, municipalities, or school districts for school purposes, exclusive of bonds for debt service, which is provided by State appropriations.

Health Benefits Program Fund (N.J.S.A. 52:14-17.25 et seq.)

This program provides basic health services for employees of State and local governments. Employees may enroll in either a traditional plan with the insurance carrier or a health maintenance organization (HMO) plan. The traditional coverage includes basic and extended hospital benefits, basic and extended medical-surgical benefits, and major medical benefits. An HMO provides employees with a wider range of preventive health care. It contemplates less hospitalization and greater use of outpatient facilities. In addition to a prepaid fixed monthly premium, the employee or dependent may be required to pay a small charge when visiting the HMO facility. This plan also provides for hospital services, skilled nursing, and home health care treatment.

Horse Racing Injury Compensation Fund (P.L. 1995, c.329)

The purpose of this Fund is to provide workers' compensation coverage to employees in the thoroughbred and standardbred horse racing industries in New Jersey. The costs of providing coverage shall be funded from assessments to both the thoroughbred and standardbred industries, based on their respective experience rating.

Insurance Annuity Trust Fund (Superior Court of New Jersey, Law Division, Morris County, Docket No. L-081390-83)

This Fund was established to account for deposits made by Western National Life Insurance Company or its assignees on behalf of the State of New Jersey resulting from a lawsuit filed against the State.

Motor Vehicle Security Responsibility Fund (N.J.S.A. 39:6-30.1)

Security deposits made by motorists not having the required minimum motor vehicle insurance coverage in the State, who have been involved in a motor vehicle accident resulting in bodily injury or death and/or property damage, are recorded in this Fund. The deposits may be disbursed in satisfaction of judgments rendered or returned to the motorist upon release of liability.

Mutual Workers' Compensation Security Fund (N.J.S.A. 34:15-112)

Monies received from assessments levied against mutual insurance carriers writing workers' compensation insurance in the State are deposited in this Fund. Payments from the Mutual Workers' Compensation Fund are made to persons entitled to receive workers' compensation when a mutual carrier is determined to be insolvent.

New Home Warranty Security Fund (N.J.S.A. 46:3B-7)

Monies received from participating builders of dwellings not previously occupied, excluding those constructed solely for lease, are deposited in this Fund. Payments are authorized by approved claims of owners for defects in new homes covered by the new home warranty.

New Jersey Federal-State Rural Rehabilitation Fund (N.J.S.A. 52:18A-1 et seq.)

This Fund was established to receive monies from the Federal government which are available for loans to farmers in New Jersey.

New Jersey Insurance Development Fund (N.J.S.A. 17:37A-18)

Receipts derived from a surcharge on all basic property insurance premiums paid for insurance policies written in the State, collected by the insurer, and remitted to the State are deposited in this Fund. Payments from the Fund reimburse any insurer or the New Jersey Insurance Underwriting Association for losses sustained. The reimbursement in any given calendar year shall not, however, exceed 5 percent of the insurance premiums written on essential property insurance in the State in the most recent full calendar year.

New Jersey State Employees' Deferred Compensation Plan (N.J.S.A. 52:18A-164)

This Fund represents the activity of the deferred compensation plan by which amounts contributed by participating employees are invested through various investment options. Included in the Fund are those amounts contributed by participants through payroll withholding, plus investment earnings and appreciation in asset values related to those monies.

Prescription Drug Program Fund (N.J.S.A. 52:14-17.29)

This program helps meet the cost of drugs prescribed for eligible employees and their dependents for use outside of hospitals, nursing homes, or other institutions. Included are those drugs which, as required by Federal law, can be dispensed only upon a written prescription ordered by a physician. The program covers the full cost of a prescription item dispensed by a licensed participating pharmacy, less a co-payment charge for each eligible prescription and prescription refill. All full-time State employees are eligible to enroll for coverage in the program without cost to the employee.

Real Estate Guaranty Fund (N.J.S.A. 45:15-34)

Monies received from additional fees on annual licenses of real estate brokers and real estate salesmen are deposited in this Fund. Claim payments, as certified by court orders, are made to persons aggrieved by the embezzlement, conversion, or unlawful obtaining of money or property by a licensed real estate broker or a real estate salesman, or an unlicensed employee of a real estate broker.

State Disability Benefit Fund (N.J.S.A. 43:21-46a)

Deposits from contributions of workers and employers who are subject to the contribution section on taxable wages under the unemployment compensation law of the State are recorded in the Fund. Deposits are also made from special assessments, fines, penalties, and investment earnings. Payments from the Fund may be made to persons entitled to disability benefits and benefits not covered by the Workers' Compensation Law, for authorized refunds of contributions, and for administrative expenses.

Stock Workers' Compensation Security Fund (N.J.S.A. 34:15-105)

Monies received from assessments levied against stock insurance carriers writing workers' compensation insurance in the State are deposited in this Fund. Payments from the Stock Workers' Compensation Fund are made to persons entitled to receive workers' compensation when a stock carrier is determined to be insolvent.

Unclaimed Child Support Trust Fund (P.L. 1995, c.115)

All monies received as abandoned child support shall be deposited into this Fund. Each year, within 45 days of the receipt of such funds, payments shall be made to the Judiciary consisting of the Federal Government's Title IV-D share. The remaining portions shall be used to pay claims duly presented and allowed and all expenses and costs incurred by the State of New Jersey.

Unclaimed County Deposit Trust Fund (P.L. 1992, c.173)

All monies received as unclaimed county deposits shall be deposited in the Fund. Each year 75 percent of the deposits received from a respective county shall be paid to that county. The remaining portion shall be retained in the Fund and used to pay claims duly presented and allowed and all expenses and costs incurred by the State of New Jersey.

Unclaimed Personal Property Trust Fund (P.L. 1989, c.58)

Amounts received by the State from holders of personal property, presumed abandoned, due and payable to owners of last known address, but unclaimed by the owner for more than five years, are deposited into this Fund. Also, any demand, savings, or matured time deposit with a banking or financial organization, presumed abandoned for ten years, will be received by this Fund. Additionally, this Fund accounts for any unclaimed monies received from insurance companies, authorized to write life insurance in the State, due and payable to any person entitled and which has remained unclaimed for a period of five years.

Unless the administrator of the Fund deems it prudent and advisable to do otherwise, 75 percent of all funds received shall be transferred to the General Fund. The remaining portion shall be retained in the Fund and used to pay claims duly presented and allowed.

Unemployment Compensation Fund (N.J.S.A. 43:21-9a)

This Fund accounts for monies deposited from contributions of employers and employees for unemployment compensation, amounts credited or advances made by the Federal government, and amounts received herein from any other source.

After consideration is given to any claim for refund of overpayment of contributions, the remainder is transferred by the Division of Employment Security to the Treasurer of the United States for credit to the State of New Jersey Unemployment Compensation Fund and held by the Treasurer of the United States in the State of New Jersey Unemployment Trust Fund. Drawdowns against the State of New Jersey Unemployment Trust Fund are made by requests submitted to the Treasurer of the United States by the Division of Employment Security on an as-needed basis, which amounts are transferred back to the Unemployment Compensation Fund and are then disbursed by the Division of Employment Security to persons entitled to receive unemployment benefits.

Any shortfall in the Unemployment Compensation Fund needed to pay benefits is covered by Federal statutes which authorize advances from the Federal government for unemployment benefits. Such advances are repayable by increased rates on federally taxable wages reported by New Jersey employers, or the advances may be repaid out of the Fund assets at any time by the Governor.

University of Medicine and Dentistry of New Jersey - Self-Insurance Reserve Fund (N.J.S.A. 52:18A-1 et seq.)

This Fund was established by a trust agreement between the State and the University of Medicine and Dentistry to cover malpractice claims against the hospitals and the University. Fund deposits are managed by the Division of Investment with earnings increasing the Fund. This insurance is required by the New Jersey Health Care Facilities Financing Authority for protection of the Authority's bondholders.

Unsatisfied Claim and Judgment Fund (N.J.S.A. 39:6-61)

Receipts from insurance companies, recoveries of judgments entered against uninsured motorists, and amounts credited from earnings on investments are deposited in this Fund.

Payments are authorized for approved claims to entitled persons resulting from bodily injury, death, and/or damage to property up to specified maximum amounts, exclusive of interest and costs. In addition, payments of no-fault benefits on hit and run and non-insured cases resulting in bodily injury caused by an accident involving a motor vehicle are likewise authorized. Payments are made for amounts of medical expense benefits which exceed the maximum allowable amount payable for medical expense coverage under the no-fault provision of the New Jersey Automobile Reparation Reform Act. Administrative expenses are also payable as are approved refunds of excess recoveries on judgments.

INVESTMENT TRUST FUND

State of New Jersey Cash Management Fund-External Portion (N.J.S.A. 52:18A-90.4)

This is an investment pool to consolidate monies for municipalities, counties, school districts, and any other public body corporate or politic.

PENSION TRUST FUNDS

Central Pension Fund

This Fund administers a series of noncontributory pension acts. No reserves are established for the payment of retirement benefits. These benefits are funded on a pay-as-you-go basis in accordance with the governing statute and the rules and regulations of the State House Commission.

Consolidated Police and Firemen's Pension Fund (N.J.S.A. 43:16)

This Fund was established to place 212 local police and firemen pension funds on an actuarial basis. The membership consists of policemen and firemen appointed prior to July 1, 1944. The liabilities of these local funds were shared: two-thirds by the participating counties and municipalities and one-third by the State.

Judicial Retirement System (N.J.S.A. 43:6A)

This system provides pension benefits to members of the State Judiciary. The system is maintained on an actuarial reserve basis.

Police and Firemen's Retirement System (N.J.S.A. 43:16A)

All police and firemen, appointed after June 1944 in municipalities where local police and firemen pension funds existed or where this system was adopted by referendum or resolution, are required to become members of this system. Certain State and county employees are also covered. Employer obligations are paid by the local employers and the State. This Fund is maintained on an actuarial reserve basis.

Prison Officers' Pension Fund (N.J.S.A. 43:7)

This is a closed system for certain employees of State penal institutions and is funded on a pay-as-you-go basis.

Public Employees' Retirement System (N.J.S.A. 43:15A)

Most public employees in New Jersey, not required to become members of another contributory retirement program, are required to enroll in this system. The retirement benefits of this system are coordinated, but not integrated, with social security. This Fund is maintained on an actuarial reserve basis.

State Police Retirement System (N.J.S.A. 53:5A)

This system was created in July 1965 as successor to the State Police Retirement and Benevolent Fund. All uniformed officers and troopers of the Division of State Police in the New Jersey Department of Law and Public Safety are required to enroll. This system is maintained on an actuarial reserve basis.

Supplemental Annuity Collective Trust (N.J.S.A. 52:18A-110)

Any active, contributing member of the several State-administered retirement systems may enroll in this program. Members agree to make voluntary additional contributions through their pension funds to purchase variable retirement annuities in order to supplement the benefits provided by their basic system. Some employers agree to purchase tax-sheltered annuities for the same purpose for certain eligible public employees.

Teachers' Pension and Annuity Fund (N.J.S.A. 18A:66)

Most employees in every school district in the State and in the county vocational schools, as well as certain employees in the State Department of Education, are members of this system. The system of retirement benefits is coordinated, but not integrated, with social security. The Fund is maintained on an actuarial reserve basis.

NON-EXPENDABLE TRUST FUND

State of New Jersey - Tischler Memorial Fund (N.J.S.A. 52:18A-1 et seq.)

This Fund was established under the authority of the State Treasurer in accordance with the terms of a bequest to the State of New Jersey; the principal amount of the Fund is to be invested in a prudent manner and the income from such investment is to be used for library materials.

AGENCY FUNDS

Alternate Benefit Program Fund (N.J.S.A. 18A:66-167 et seq.)

The Alternate Benefit Programs were established for full-time faculty members of public institutions of higher education. All eligible faculty members were permitted to transfer their interests in State retirement systems to these programs. Participants have the option to provide for their pensions through fixed or variable annuities purchased through various carriers as provided for in Chapter 92, P.L. 1995. The minimum contribution by employees is 5 percent of their base salary, and the State will contribute a flat rate of 8 percent of their base salary. Almost immediate vesting is available to those participating in the Alternate Benefit Programs.

Atlantic City Parking Fees Fund (P.L. 1993, c.159)

There is imposed by this law a \$2 parking fee per diem for each vehicle parked, garaged, or stored in any casino hotel parking space. These revenues are to be made available to the Casino Reinvestment Development Authority.

Atlantic City Tourism Promotion Fund (P.L. 1991, c.376)

This Fund accounts for revenues collected for fees of \$2 per day for each occupied room in any hotel providing casino gaming and \$1 per day for each occupied room in any other hotel in the eligible municipality. The revenues are collected, certified, and distributed on a monthly basis to the convention center operating authority. Amounts expended by the convention center operating authority are solely for the purpose of promoting tourism, conventions, resorts, and casino gaming.

Capital City Redevelopment Loan and Grant Fund (P.L. 1987, c.58)

This Fund was established for the redevelopment and revitalization of the City of Trenton. The State has established a redevelopment corporation operating within the boundaries of the Trenton district, which will plan, coordinate, and promote the public and private development of that district in a manner which enhances the vitality of the Trenton area as a place of commerce, recreation, and culture and as an area in which to conduct public business and visit historic sites.

Judiciary Bail Fund (R.3:26)

The purpose of this Fund is to serve as a repository for the collection of bail, the return of bail to the surety, and the remittance of associated revenues to the proper governmental agency.

Judiciary Child Support and Paternity Fund (Social Security Act, Title IV-D, as amended)

The purpose of this Fund is to serve as a repository for the collection of child support obligations and the subsequent remittance to the proper recipients.

Judiciary Probation Fund (N.J.S.A. 2C:46-4)

The purpose of this Fund is to serve as a repository for the collection and disbursement of court imposed financial obligations associated with the statewide probation function.

Judiciary Special Civil Fund (R.6)

The purpose of this Fund is to serve as a repository for the collection and disbursement of funds collected by the Special Civil Part of the Superior Court of New Jersey.

Judiciary Superior Court - Miscellaneous Fund (N.J. Court Rules, Parts II, IV, V, VI, VIII)

The purpose of this Fund is to serve as a repository for the collection and disbursement of various fees, fines, and costs collected by court divisions of the Superior Court of New Jersey. These monies are separate and distinct from those included under the Superior Court of New Jersey Trust Fund.

Luxury Tax Development Fund (N.J.S.A. 40:48-8.30a(B))

This Fund was established for the deposit of Luxury Tax revenues in excess of statutory requirements. Development funds are dedicated for various housing projects in the City of Atlantic City.

Luxury Tax Fund (N.J.S.A. 40:48-8.30a(B)), (P.L. 1991, c.375)

This Fund accounts for revenues collected under the provisions of the Luxury Tax Fund Act. The Act amends existing statutes wherein Atlantic City imposes a tax on certain sales and services. A portion of these tax revenues are dedicated to the payment of debt service on bonds issued for the construction of Convention Hall facilities, to subsidize Convention Center operating budget deficits, and to provide housing opportunities for low and moderate income families.

New Jersey Medical Malpractice Reinsurance Recovery Fund (N.J.S.A. 17:30D-9)

The purpose of this Fund is to provide a financial backup for the plan of operation of the New Jersey Medical Malpractice Reinsurance Association and shall be used to reimburse the Association for any deficit sustained in the operation of the Association.

Pension Adjustment Fund (N.J.S.A. 43:3B)

The Fund covers all eligible pensioners of the State-administered retirement systems. This Fund provides cost-of-living allowances for retirees of the pension trust funds. The statutes provide that payments are contingent upon annual appropriation by the Legislature. The Pension Adjustment Fund is funded on a pay-as-you-go basis.

Resource Recovery Investment Tax Fund (P.L. 1985, c.38)

Receipts generated by the investment tax and waste importation tax plus any interest earned thereon, levied upon all owners or operators of sanitary landfill facilities who accept solid waste for disposal, are deposited in this Fund. The revenues are then allocated to counties based on statutory regulations.

Solid Waste Service Tax Fund (P.L. 1985, c.38)

Receipts generated by the solid waste services tax plus any interest earned thereon, levied upon all owners or operators of sanitary landfill facilities who accept solid waste for disposal, are deposited in this Fund. The revenues are then allocated to provide state aid to counties.

State Lottery Agency Fund (N.J.S.A. 5:9-21)

The present value of obligations for future installment payments of lottery prizes funded by the purchase of deposit fund contracts are accounted for in this Fund.

Tourism Improvement and Development Act (P.L. 1992, c.165)

This Fund was established for the deposit of tax revenues collected from predominantly tourism related sales, such as the occupancy of every hotel room subject to tax and receipts from the sale of food or drink, except those sold through vending machines. These funds are to be used to fund tourism facility improvements without placing the onus on the permanent residents and businesses.

Unclaimed Insurance Payments on Deposit Accounts Fund

The Unclaimed Deposits Amendment Act of 1993 (UDAA) controls the disposition of unclaimed insurance payments on deposit accounts for insured depository institutions which are placed into receivership after July 28, 1993. Pursuant to the UDAA, unclaimed insurance deposits are placed into this Fund and held for ten years. Payments will be made to the owner upon determining that such individual or entity is the rightful owner of such funds. At the end of the ten-year period, any remaining deposits will be forwarded to the Federal Deposit Insurance Corporation (FDIC).

Wage and Hour Trust Fund (N.J.S.A. 34:11-57)

The Wage and Hour Trust Fund consists of four agency accounts which are used to collect wage settlements from employers who are deemed to have violated one or more, of the various components of the New Jersey Wage and Hour Law; and, to disburse the funds collected to employees who are entitled to receive the wages.

(1) The ten year summary includes the General Fund, the Property Tax Relief Fund, the Casino Revenue Fund, the Casino Control Fund, the Gubernatorial Elections Fund, and the Special Transportation Fund. Nonrecurring items are not included in either revenues or expenditures.

(2) All of the governmental funds and expendable trust and agency funds are accounted for on the modified accrual basis of accounting. In accordance with this basis, revenues are recognized when they become susceptible to accrual; that is, when they become both measurable and available to finance expenditures of the fiscal period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Those revenues which are considered to be susceptible to accrual include amounts received during the 12 month period subsequent to June 30 that were earned as of June 30 and in the hands of receiving agents.

(3) Expenditures are recorded on an accrual basis when the related liability is incurred. Disbursements for prepaid expenses, inventory items, and fixed assets are recorded when expenditures are incurred. Expenditures for principal and interest on general obligation long-term debt are recognized when due.

CALCULATION OF LEGAL DEBT LIMITS

The State Constitution provides that the Legislature shall not create a debt or liability in any fiscal year which, together with any previous debts or liabilities, shall exceed one percent of total appropriations for that fiscal year unless the same shall be authorized by a law for some single object or been submitted to the people at a general election and has been approved by a majority of voters. These Constitutional Provisions do not apply to the creation of debt for purposes of war or to repel invasion, suppress insurrection, or to meet emergencies caused by disaster or act of God (Article VIII, Section 2, par. 3).

All general obligation bonded debt in New Jersey is entered into as a result of successful referenda. As the table below illustrates, the debt margin as defined in the Constitution would prohibit any other method of creating such debt and liability.

MISCELLANEOUS STATISTICAL DATA

In 1787, New Jersey became the third state to ratify the U.S. Constitution.

The State Constitution was adopted on July 2, 1776, subsequently superceded by the State Constitution of 1844 and the current Constitution which was ratified by the State's voters on November 4, 1947.

The State Constitution establishes a bicameral legislature which meets in annual sessions in Trenton, the State capital. Members of the State Senate are elected to terms of four years, except for the election following a decennial census, in which case the term is two years. The members of the General Assembly are elected to two-year terms. The Governor is elected to a term of four years.

The area of the State, 7,489.2 square miles, ranks it fifth smallest in size. The estimated population as of July 1, 1999 was 8,143,000 making New Jersey the ninth largest state in population, and the most populated of all the states, with an average of 1,087 people per square mile.

The higher education system in New Jersey includes 24 private colleges, 19 community colleges, as well as the following State institutions:

- The College of New Jersey
- Thomas Edison State College
- Kean University
- Montclair State University
- New Jersey City University
- New Jersey Institute of Technology
- The William Paterson University of New Jersey
- Ramapo College of New Jersey
- Rowan State University
- Rutgers, The State University of New Jersey
- The Richard Stockton State College
- University of Medicine and Dentistry of New Jersey
